Philosophy And Theology Horizons In Theology:

Philosophy and Theology John D. Caputo, 2006 In this clear concise and brilliantly engaging essay renowned philosopher and theologian John D Caputo addresses the great and classical philosophical questions as they inextricably intersect with theology past present and future *Philosophical and Theological Papers, 1965-1980* Bernard J. F. Lonergan, 2004-01-01

This anthology contains Lonergan's lectures on philosophy and theology given during the later period of his life 1965-1980 and document his development in the discipline during the years leading up to the publication of *Method in Theology* and beyond to 1980 **Foundational Theology** Neil Ormerod, Christiaan Jacobs-Vandegeer, 2015-12-01

Fundamental theology is traditionally viewed as the starting point for the various disciplines within Catholic theology it is the place where solid foundations are established for the further research and engagement with the vast terrain of historical systematic philosophical and sacramental liturgical theology In *Foundational Theology* a landmark new study Neil Ormerod and Christiaan Jacobs Vandegeer seek to ground foundational theology in the normative drive toward meaning truth goodness and beauty appropriated by the theologian through religious moral intellectual and psychic conversions In doing so the work maps out the implications of those fundamental orientations to the specific questions and topics of the Catholic theological tradition God Trinity revelation and an array of doctrinal points of investigation The authors in this work provide a comprehensive approach to theological foundations for theologians while employing a new groundbreaking approach to the discipline through the application of the insights of Bernard Lonergan one of the foremost Catholic theologians of the modern era

Ethics and Theological Disclosures Guy Mansini, James G. Hart, 2003 Honouring distinguished philosopher and professor Robert Sokolowski for his work in phenomenology the essays included in this collection demonstrate the reception and fruitfulness of Sokolowski's analysis of moral action and his idea of a theology of disclosure **Bernard Lonergan's**

Philosophy of Religion Jim Kanaris, 2012-02-01 Jim Kanaris provides a comprehensive understanding of esteemed theologian Bernard Lonergan's philosophy of religion and a crucial means of identifying precisely the points of contact between Lonergan's thoughts on God and religion and the issues presently discussed by philosophers of religion Defining Lonergan's philosophy of religion presents a challenge because he does not use the term as it is generally understood Rather Lonergan addresses these issues under the guise of philosophy of God or natural theology understands the role of religious experience idiosyncratically and allows this concept to play various roles in his thought The dynamics of these various components their interrelationships and their function from early to late development are fleshed out in this work Kanaris finds Lonergan's philosophy of religion developing at that period when he attributes a new importance to the influence of religious experience What this means for Lonergan's controversial proof of God's existence the role of Lonergan's concept of consciousness and the specifically religious dimension of the notion of experience are explored along with the emergence of what is technically philosophy of religion John Macquarrie's Natural Theology Georgina Morley, 2017-11-30 Title first

published in 2003 John Macquarrie has been a major contributor in the theological world for more than forty years but as yet very little secondary material on his work has appeared This book offers an insightful introduction to Macquarrie s theology arguing that at its heart is a systematic theology of gift Tracing the development of his thought from its early existentialism to the social and world affirming perspectives of later writings this book shows how these developments emerge in dialogue with contemporary thinkers Morley demonstrates how Macquarrie s theology mediates between two traditionally opposing theologies of gift and being centring on the doctrines of God and of human being and reaching its fullest expression in Christology with Christ as the focal point of two personal movements of self giving divine and human Macquarrie himself contributes a Foreword *Explorations in Twentieth-century Theology and Philosophy* Ann Loades,2023-04-11 Ann Loades has been instrumental in bringing forward for the attention of readers in later generations voices from the past notably highlighting the work of pioneering women such as Evelyn Underhill and Dorothy L Sayers as well as advancing the study of better known Anglican forebears C S Lewis and Austin Farrer always with her own distinctive concerns A key interpreter of the Anglican tradition and with a keen eye to ensure the full recognition of women these studies by Ann Loades are essential reading in Anglican feminist and twentieth century theology *Transcending Boundaries in Philosophy and Theology* Kevin Vanhoozer,Martin Warner,2016-02-24 Presenting new opportunities in the dialogue between philosophy and theology this interdisciplinary text addresses the contemporary reshaping of intellectual boundaries Exploring human experience in a post Christian era the distinguished contributors bring to bear what have been traditionally seen as theological resources while drawing on contemporary developments in philosophy both continental and analytic Set in the context of two complementary narratives one philosophical concerning secularity the other theological about the question of God the authors point to ways of reconfiguring both traditional reason faith oppositions and those between interpretation text and language experience Contributors David Brown Philip Clayton Chris Firestone Grace Jantzen Nicholas Lash George Pattison Dan Stiver Charles Taylor Kevin Vanhoozer Graham Ward Martin Warner *Breached Horizons* Rachel Bath,Antonio Calcagno,Kathryn Lawson,Steve G. Lofts,2017-12-20 This volume is a guide to the legacy of the philosophical work of Jean Luc Marion A leading phenomenologist and philosopher of religion Marion s work addresses questions on the nature and knowledge of God love consciousness art psychology and spirituality Here leading Marion scholars explain the development of his key concepts while critically mining the philosopher s ideas for relevant implications and applications to contemporary issues in various fields of study including philosophy theology art psychology and literature The first volume to cover Marion s wider corpus this book opens with an original essay by Marion himself and goes on to present a comprehensive view of Marion s ideas Though largely anchored in philosophy the essays are interdisciplinary and explore the various questions central to Marion s work including the visibility and invisibility of God the constitutive force of the horizon of consciousness the gift and givenness eroticism and love art and painting psychology literature memory iconography and spirituality **God in the**
