Philosophy Of Economics A Contemporary Introduction Routledge Contemporary Introductions To Philosophy:

Philosophy of Economics Julian Reiss, 2013-07-15 *Philosophy of Economics A Contemporary Introduction* is the first systematic textbook in the philosophy of economics. It introduces the epistemological, metaphysical, and ethical problems that arise in economics and presents detailed discussions of the solutions that have been offered. Throughout, philosophical issues are illustrated by and analysed in the context of concrete cases drawn from contemporary economics, the history of economic ideas, and actual economic events. This demonstrates the relevance of philosophy of economics both for the science of economics and for the economy. This text will provide an excellent introduction to the philosophy of economics for students and interested general readers alike.

Historical Explanation Gunnar Schumann, 2023-11-14 This book is concerned with the appropriate form of explanations in historiography and the social sciences. It combines action theory and philosophy of historiography and develops a theory of teleological explanations of human actions based on late Wittgensteinian and Ordinary Language Philosophy insights. In philosophy of action, many philosophers favor causal theories of human action. Additionally, in current philosophy of historiography, the majority view is that historians should explain historical phenomena by their causes. This book pushes back against these mainstream views by reviving an anti-causal view of explanation of current and past human actions. The author argues that disciplines that deal with human actions require a certain form of explanation, namely a teleological or intentional explanation. This means that past human actions and their results will have to be explained by reasons of agents, not by causes. Therefore, historiography employs a method of explanation which is in stark contrast to the sciences. The author thus proposes a *Verstehen* understanding approach in historiography and the social sciences. *Historical Explanation* will be of interest to scholars and advanced students working in philosophy of action, philosophy of history, and philosophy of the social sciences.

Social and Political Philosophy John Christman, 2017-10-02 This accessible book is invaluable to anyone coming to social and political philosophy for the first time. It provides a broad survey of key social and political questions in modern society as well as clear discussions of the philosophical issues central to those questions and to political thought more generally. Unique among books of this kind is a sustained treatment of specifically social philosophy, including topics such as epistemic injustice, pornography, marriage, sexuality, and the family. The relation between such social questions and specifically political topics is discussed. These topics include political authority, economic justice, the limits of tolerance, considerations of community, race, gender, and culture in questions of justice, and radical critiques of current political theories. Updates to the Second Edition emphasize the non-statist areas of the subject and include two brand new chapters on social philosophy and transnational justice. This Second Edition also includes revisions throughout and coverage of recent theoretical discussions and world events.

Philosophy of Social Science Mark Risjord, 2014-05-16 *The Philosophy of Social Science A Contemporary Introduction* examines the perennial questions of philosophy by engaging with the empirical study of society. The book offers a comprehensive overview of debates in the field.

with special attention to questions arising from new research programs in the social sciences The text uses detailed examples of social scientific research to motivate and illustrate the philosophical discussion Topics include the relationship of social policy to social science interpretive research action explanation game theory social scientific accounts of norms joint intentionality reductionism causal modeling case study research and experimentation

Ancient Philosophy Christopher Shields, 2011-11-30 In this re titled and substantially revised update of his *Classical Philosophy* 2003 Christopher Shields expands his coverage to include the Hellenistic era and now offers an introduction to more than 1 000 years of ancient philosophy From Thales and other Pre Socratics through Socrates Plato and Aristotle and on to Epicureanism Stoicism and Scepticism *Ancient Philosophy* traces the important connections between these periods and individuals without losing sight of the novelties and dynamics unique to each The coverage of Plato and Aristotle also has been expanded It now includes for example updated coverage of Plato s allegories of the cave and the divided line and the metaphor of the sun as well as features of Plato s epistemology Shields also adds new discussion on Aristotle s theory of virtue and his approach to the Socratic problem of akrasia or weakness of will In terms of its structure *Ancient Philosophy* is presented so that each philosophical position receives 1 a brief introduction 2 a sympathetic review of its principal motivations and primary supporting arguments and 3 a short assessment inviting readers to evaluate its plausibility The result is a book that brings the ancient arguments to life making the introduction truly contemporary It will serve as both a first stop and a well visited resource for any student of the subject *Ancient Philosophy* offers a vivid picture of the ideas that flourished at philosophy s long birth and considers their relevance both to the historical development of the Western philosophical tradition and to philosophy today

Philosophy of Religion Keith E. Yandell, 2016-05-20 Keith Yandell s *Philosophy of Religion A Contemporary Introduction* was one of the first textbooks to explore the philosophy of religion with reference to religions other than Christianity This new revised edition explores the logical validity and truth claims of several world religions Christianity Judaism Islam Hinduism Buddhism and Jainism with updated streamlined discussions on important topics in philosophy of religion such as Religious pluralism Freedom and responsibility Evidentialist Moral Theism Reformed Epistemology Doxastic Practice Epistemology The problem of evil Ontological and cosmological arguments Other new features include updated Questions for Reflection and new Annotated Bibliographies for each chapter as well as an updated Glossary This exciting new edition much like its classic predecessor is sure to be a classroom staple for undergraduate students studying philosophy of religion as well as a comprehensive introductory read for anyone interested in the subject

Ethics Harry J Gensler, 2017-12-06 *Ethics A Contemporary Introduction* introduces the issues and controversies of contemporary moral philosophy It gets students to struggle with the big questions of morality while it also relates these questions to practical issues especially racism global warming moral education and abortion Providing a practical method for thinking about moral issues a method based largely on the golden rule it is written simply and clearly throughout *College*

students who are new to philosophy or who have already taken an introductory level course will benefit from its use

Key Features Serves as either the sole textbook for a lower level introduction to ethics moral philosophy course or a supplementary text for a more advanced undergraduate ethics course Provides clear direct writing throughout making each chapter easily accessible for an engaged undergraduate student Offers a philosophically rigorous presentation of the golden rule Includes helpful study aids including bolded technical terms boxes for key ideas summaries study questions and suggested readings for each chapter and a comprehensive glossary index at the back of the book

Key Additions to the Third Edition Each chapter now offers additional optional sections on more advanced topics for students wishing to dig deeper into the material advanced topics include Kohlberg's moral psychology whether morality is gendered types of relativism early Greek ethics Hume and the prisoner's dilemma Other improvements include better chapter organization clearer explanations improved examples new names for key arguments and a better Kindle version

An updated and improved EthCola instructional program with a score processing program teacher's manual and class slides which can be downloaded from the web for free from www.harrycola.com/ec or www.harryhiker.com/ec

Metaphysics Michael J. Loux, Thomas M. Crisp, 2017-01-12

Metaphysics A Contemporary Introduction is for students who have already completed an introductory philosophy course and need a fresh look at the central topics in the core subject of metaphysics It is essential reading for any student of the subject This Fourth Edition is revised and updated and includes two new chapters on 1 Parts and Wholes and 2 Metaphysical Indeterminacy or vagueness This new edition also keeps the user friendly format the chapter overviews summarizing the main topics concrete examples to clarify difficult concepts annotated further reading at the end of each chapter endnotes and a full bibliography Topics addressed include the problem of universals the nature of abstract entities the problem of individuation the nature of modality identity through time the nature of time the nature of parts and wholes the problem of metaphysical indeterminacy the Realism anti Realism debate Wherever possible Michael J Loux and Thomas M Crisp relate contemporary views to their classical sources in the history of philosophy As experienced teachers of philosophy and important contributors to recent debates Loux and Crisp are uniquely qualified to write this book

Moral Psychology Valerie Tiberius, 2014-05-30

This is the first philosophy textbook in moral psychology introducing students to a range of philosophical topics and debates such as What is moral motivation Do reasons for action always depend on desires Is emotion or reason at the heart of moral judgment Under what conditions are people morally responsible Are there self interested reasons for people to be moral

Moral Psychology A Contemporary Introduction presents research by philosophers and psychologists on these topics and addresses the overarching question of how empirical research is or is not relevant to philosophical inquiry

Metaethics Mark van Roojen, 2015-06-12

Metaethics A Contemporary Introduction provides a solid foundation in metaethics for advanced undergraduates by introducing a series of puzzles that most metaethical theories address These puzzles involve moral disagreement reference moral epistemology metaphysics and moral psychology From

there author Mark van Roojen discusses the many positions in metaethics that people will take in reaction to these puzzles Van Roojen asks several essential questions of his readers namely What is metaethics Why study it How does one discuss metaethics given its inherently controversial nature Each chapter closes with questions both for reading comprehension and further discussion and annotated suggestions for further reading

Eventually, you will agreed discover a additional experience and attainment by spending more cash. yet when? attain you believe that you require to acquire those every needs following having significantly cash?
