A Heart for the City John Fuder, 2005-11-01 Jesus is still the answer for urban ministries for ministries to the downtrodden poor and distressed in our cities A Heart for the City is a rich compendium of valuable information on city ministries written by people who are currently ministering in the city including pastors Christian school administrators and directors of homeless missions It includes many illustrations and case studies that will prove valuable to any who work in the city or who want to understand how to more effectively help in the city There are 29 chapters divided into the following seven parts Context and History Biblical and Philosophical Foundations Education and Training Local Church Models Ethnic Communities Disenfranchised Subcultures Children and Youth A Heart For the City is a unique treasure of encouragement for those serving in or those with a heart for the inner city You will surely be blessed **The Lines Between Us** Lawrence Lanahan, 2019-05-21 A masterful narrative with echoes of Evicted and The Color of Law that brings to life the structures policies and beliefs that divide us Mark Lange and Nicole Smith have never met but if they make the moves they are contemplating Mark a white suburbanite to West Baltimore and Nicole a black woman from a poor city neighborhood to a prosperous suburb it will defy the way the Baltimore region has been programmed for a century It is one region but separate worlds And it was designed to be that way In this deeply reported revelatory story duPont Award winning journalist Lawrence Lanahan chronicles how the region became so highly segregated and why its fault lines persist today Mark and Nicole personify the enormous disparities in access to safe housing educational opportunities and decent jobs As they

eventually pack up their lives and change places bold advocates and activists in the courts and in the streets struggle to figure out what it will take to save our cities and communities Put money into poor segregated neighborhoods Make it possible for families to move into areas with more opportunity The Lines Between Us is a riveting narrative that compels reflection on America s entrenched inequality and on where the rubber meets the road not in the abstract but in our own backyards Taking readers from church sermons to community meetings to public hearings to protests to the Supreme Court to the death of Freddie Gray Lanahan deftly exposes the intricacy of Baltimore s hypersegregation through the stories of ordinary people living it shaping it and fighting it day in and day out This eye opening account of how a city creates its black and white places its rich and poor spaces reveals that these problems are not intractable but they are designed to endure until each of us despite living in separate worlds understands we have something at stake *To Transform a City* Eric Swanson,Sam Williams,2010-09-07 To Transform a City is a timely compelling book that helps readers understand how to think about cities their own city and the broad strategies needed for kingdom impact The book begins with an overview of the importance of cities in the new day in which we live The authors address the process of transformation along with examples of where and how communities have been transformed throughout history After writing a persuasive chapter on kingdom thinking the authors unfold the meaning of the whole church the whole gospel and the whole city The book ends with the need for people of good faith to work together in the city with people of good will for the welfare of the city **Churches That Make a Difference** Ronald J. Sider,Philip N. Olson,Heidi Rolland Unruh,2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today s environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In Churches That Make a Difference best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to s of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did *Faith Works* Jim Wallis,2000-09-05 Today more than ever many people are hungry for spirituality and community But the most powerful and meaningful spirituality shows itself through action Jim Wallis is the charismatic preacher activist and leader of Call to Renewal a dynamic new movement that is

uniting politics and spirituality to ignite social change and overcome poverty In his timely exciting new book he shows us how we can enrich our own lives by serving our communities Wallis believes that the making of the modern Christian Muslim or Jew is through action A preacher who spends his time working for justice rather than just speaking from a pulpit Wallis compellingly demonstrates how going out and putting your belief to work is what really counts Faith shows itself in works faith works Named by Time magazine as one of the 50 Faces for America s Future a regular contributor to NPR MSNBC and major newspapers and editor in chief of Sojourners magazine Jim Wallis is a well known media figure His advice is increasingly sought by leading politicians who want to tap into the growing power of faith based organizations and the Call to Renewal movement A lifelong activist he has been putting his faith to work for more than three decades His anecdotal exhilarating and engaging book is part memoir part inspirational game plan for transforming our own lives and our society and part primer on how faith communities are changing neighborhoods It is filled with dramatic human stories of men and women who will move and inspire us Faith Works will appeal to religious people looking to bring more meaning to their faith and to spiritually hungry people looking for direction in their lives *Community Building in the Twenty-first Century*

Stanley Hyland (Ph. D.),2005 Community has long been a critical concept for social scientists and never more so amid the growing economic inequity natural and human disasters and warfare of the opening years of the twenty first century In this volume leading scholar activists develop a conceptual framework for both the theory and practice of building communities Rethinking the very concept in light of technological change and globalization they examine local responses to worldwide trends study the ways that communities generate and use resources and evaluate existing theories and approaches to community building to determine the best strategies for fostering community strength and vitality Their work with groups ranging from refugees religious charities and poor urban neighborhoods to tribal peoples international corporations and public health agencies demonstrates that local communities contain the seeds for a more desirable future and suggests how we may encourage those seeds to grow **Working to Restore** Esha Chhabra,2023-04-24 Dispatches from a landscape where pioneering entrepreneurs use their businesses as catalysts of change to solve social and environmental problems Historically big businesses have sourced materials from remote corners of the globe and moved millions of people and tons of cargo around the clock all in the name of profit But many of today s startups are rewriting the rules Journalist Esha Chhabra draws on her decades of reporting to explore the nuanced realities and promise of regenerative business operations Working to Restore examines revolutionary approaches in nine areas agriculture waste supply chain inclusivity for the collective good women in the workforce travel health energy and finance The companies profiled are solving global issues promoting responsible production and consumption creating equitable opportunities for all encouraging climate action and more Chhabra highlights how their work moves beyond the greenwashed idea of sustainability into a new era of regeneration and restoration The book highlights innovative entrepreneurs who understand that we cannot expect to create radical change if

we try to sustain a system that has long been broken Instead their efforts of restoration and regeneration should be used as a model for other forward thinking enterprises Inspiring and engaging this book shows it is possible for a business to thrive while living its mission and how the rules can be rewritten to put both the planet and its global citizens at the center
