PROFESSIONAL PROFILE

Use this area to quickly sell yourself and prove that your awesome skills and achievements can truly help the company you're applying to. If you have specific numbers or percentages to quantify any achievements, use them. This **PROVES** that you're valuable, instead of just saying so. Stay away from creating an objective statement – sadly, no one cares what **YOU** want in a job. Instead, the hiring manager wants to get a glimpse of how you can provide value for the company. How many years' experience do you have? What are you amazing at? What are you most proud of? What are your most impressive skills or qualities?

EXPERIENCE

POSITION TITLE HERE

Company, City, State | 2017 – Present

Use this main paragraph to give a summary of the position, what you accomplished, how you ended up there, or a short description about the company if it's not widely known. Or, delete this paragraph and jump right into the bullets.

- Describe your achievements while in this position, and use action words like "created" and "spearheaded" instead of the passive "responsible for."
- Do not just list your job duties or copy your job description!
- What did you do in this position that could benefit the company you're applying to in terms of making money, saving money, or saving time?
- List any accomplishments that are most impressive and relevant first. If you have specific numbers to quantify your accomplishments, use them!
- Numbers are essential and jump out at the reader. You might have to do a little math to get numbers or percentages.
- For example: Exceeded annual sales forecast by \$80,000 in the first year as manager. Performed administrative and secretarial support functions for a busy, 22-member doctor's office.

POSITION TITLE HERE

Company, City, State | 2015 – 2017

This is **VERY** important – you need to save your resume in Word or Pages format when it's complete, and then you need to save it again as a "borderless" PDF file. This is what you will upload to job postings, NOT a Word file!

- Word files will not look like they should on the receiving end, which is why PDF is now the preferred file format for nearly all job boards and companies.
- Check the instructions file for directions on saving your resume as a "borderless" PDF file.
- Concentrate on really selling yourself and proving to your future employer how valuable you are as an employee.
- Re-read the job listing that you are applying for to help you pick out key skills/duties that describe what you've done in the past.
- Demonstrated ability to work efficiently and preserve strict confidentiality in a fast-paced environment servicing over 80 patients per day.

McKinney,1996 Model cover letters and resumes cover such fields as aviation communication finance and sales A Professional Approach to Resumes and Cover Letters sh munira, **From Here To The Streets** Joseph L. Chiappetta Jr.,2012-11-27 The corrections employee who inspired me to design this book knew what most of you reading this already

know that the only hope that more than 90 percent of incarcerated inmates nationwide have for not returning to prison is steady employment. There are numerous books on this subject already and most of them say the same things. It's also fair to say that most are accurate. This course doesn't try to reinvent the wheel so to speak but instead gives a step by step guide for preparing and facilitating a prerelease employability class in a corrections environment. Prison inmates are for the most part challenged with a wide variety of social dysfunctions. Educational backgrounds vary as well. It is critical to make the prerelease employability class both user friendly and student specific for the challenges presented by the prison itself. Ultimately it's up to an individual whether or not he or she chooses to succeed or improve the quality of their life. The key is to make this goal in life attainable and realistic to the students thus encouraging them to make that choice. Remember that even the best plans in the world are nothing without good people to carry them out. If you're planning to teach or assist in a corrections prerelease employability course you must understand and believe in its benefits. Not only believe but also participate by sharing your own personal experiences and opinions to the extent that policy allows. Only by interacting with the class on a more personal level will you get the respect and trust of your students. By operating in this capacity you become as important an asset to the course as the written material itself. The results of your efforts will be reflected in the future success stories from your students.
