Retail and Marketing Channels (RLE Retailing and Distribution) Srinivas Reddy, Luca Pellegrini, 2012-10-02
Retailer's buying power has significantly increased in recent years as a result of a process of market concentration. This comprehensive and detailed book covers the theory and practice of national and international retail and marketing channels. It provides a structural overview of the producer-distributor relationship as well as analyses of specific aspects of channel control and management. Finally, the book assesses the implications of new developments in the evolution of marketing channels. First published 1989.
