Rethinking Islam And Liberal Democracy Rethinking Islam And Liberal Democracy

Fabio Merone, Francesco Cavatorta

Rethinking Islam And Liberal Democracy Rethinking Islam And Liberal Democracy:

Rethinking Islam and Liberal Democracy Yeşim Arat, 2012-02-01 In Turkey no secular party has approximated the high levels of membership and intense activism of women within the Islamist Refah Welfare Party. *Rethinking Islam and Liberal Democracy* examines the experiences of these women who represented an unprecedented phenomenon within Turkish politics. Using in-depth interviews, Yeşim Arat reveals how the women of the party broadened the parameters of democratic participation and challenged preconceived notions of what Islam can entail in a secular democratic polity. The women of the party successfully mobilized large groups of allegedly apolitical women by crossing the boundaries between the social and the political, reaching them through personal networks cultivated in private spaces. The experiences of these women show the contentious relationship between liberal democracy and Islam, where liberalism that prioritizes the individual can transform, coexist or remain in tension with Islam that prioritizes a communal identity legitimized by a sacred God.

Rethinking Islamic Politics in Tunisia Fabio Merone, Francesco Cavatorta, 2025-10-30 The emergence of Islamist and Salafi movements in the Arab world has been a critical area of scholarship on the Middle East and North Africa. But there is no theoretical framework to understand political Islam as a phenomenon that includes both Islamic ideology and modern activism. This book uses the Gramscian concept of political activism to provide this much-needed perspective. As Arab societies have had a similar historical development and trajectory to the society Gramsci was analyzing, his ideas are shown to be particularly relevant for understanding the post-2011 democratization and politicization of Islamist and Salafi movements. Based on the case study of the Tunisian Islamist movement al-Nahda and the Tunisian Salafi movement Ansar al-Sharia, political Islam is given a useful explanatory framework to explain how the ideological/theological side of Islamic activism realizes itself into practical political action. The book establishes the term Islamic politics to describe this combination of socio-religious mobilization commonly defined as *dawa* and political organization, including party or revolutionary organizations. Furthermore, the authors show that Islamists and Salafists can be described as post-Islamist in the same way communist parties became post-communist and post-ideological. Written by two renowned experts on political Islam, the innovative theoretical framework used here can explain the development and behaviour of Islamist groups in other contexts, moving scholarship beyond traditional approaches.

The Oxford Handbook of Islam and Politics John L. Esposito, Emad El-Din Shahin, 2016 The *Oxford Handbook of Islam and Politics*, with contributions from prominent scholars and specialists, provides a comprehensive analysis of what we know and where we are in the study of political Islam.

Islamist Politics in the Middle East Samer Shehata, 2012-08-06 For over three decades, Islamist politics or political Islam has been one of the most dynamic and contentious political forces in the Middle East. Although there is broad consensus on the importance of political Islam, there is far less agreement on its character, the reasons for Islamist success, the role of Islamist movements in domestic and international affairs, or what these movements portend for the future. This

volume addresses a number of central questions in the study of Islamist politics in the Middle East through detailed case studies of some of the region's most important Islamist movements. Chapters by leading scholars in the field examine the Egyptian Muslim Brotherhood, Hamas, Hizbullah, Morocco's Justice and Benevolence, the Jordanian Muslim Brotherhood, the Sunni Insurgency in Iraq, and Islamist politics in Turkey and Iran. The topics addressed within this volume include social networks and social welfare provision, Islamist groups as opposition actors, Islamist electoral participation, the intersection of Islam and national liberation struggles, the role of religion in Islamist politics, and Islam and state politics in Iran, among other topics. All of the contributing authors are specialists with deep knowledge of the subject matter who are committed to empirically based research. These scholars take Islamists seriously as modern sophisticated and strategic political players. Together, their work captures much of the diversity of Islamist politics in the region and will contribute to the scholarship on a topic that continues to be important for the Middle East and the world.

Islamism, Crisis and Democratization

Hussein Solomon, Arno Tausch, 2019-08-22. This book systematically assesses the value systems of active Muslims around the globe. Based on a multivariate analysis of recent World Values Survey data, it sheds new light on Muslim opinions and values in countries such as Indonesia, Iran, Tunisia, Egypt, and Turkey. Due to a lack of democratic traditions, sluggish economic growth, escalating religiously motivated violence, and dissatisfaction with ruling elites in many Muslim countries, the authors identify a crisis and return to conservative values in the Muslim world, including anti-Semitism, religious and sexual intolerance, and views on democracy and secularism, business, and economic matters. Based on these observations, they offer recommendations for policymakers and civil societies in Muslim countries on how to move towards tolerance, greater democratization, and more rapid economic growth.

Islamism, Tarek Osman, 2016-02-23. A political, social, and cultural battle is currently raging in the Middle East. On one side are the Islamists, those who believe Islam should be the region's primary identity. In opposition are nationalists, secularists, royal families, military establishments, and others who view Islamism as a serious threat to national security, historical identity, and a cohesive society. This provocative, vitally important work explores the development of the largest, most influential Islamic groups in the Middle East over the past century. Tarek Osman examines why political Islam managed to win successive elections and how Islamist groups in various nations have responded after ascending to power. He dissects the alliances that have formed among Islamist factions and against them, addressing the important issues of Islamism's compatibility with modernity, with the region's experiences in the twentieth century, and its impact on social contracts and minorities. He explains what Salafism means, its evolution, and connections to jihadist groups in the Middle East. Osman speculates on what the Islamists' prospects for the future will mean for the region and the rest of the world.

Handbook of Middle East Politics, Shahram Akbarzadeh, 2023-10-06. This Handbook uses a comprehensive study of political institutions, social movements, and external pressures to offer a nuanced study of politics in the Middle East. Foremost scholars on the Middle East examine key themes such as political change, regional rivalry, and authoritarianism, making this
