Restorative Justice Ideas Values Debates:

Restorative Justice Gerry Johnstone, 2013-03-01 Restorative justice is one of the most talked about developments in the field of crime and justice. Its advocates and practitioners argue that state punishment society's customary response to crime neither meets the needs of crime victims nor prevents reoffending. In its place they suggest should be restorative justice in which families and communities of offenders encourage them to take responsibility for the consequences of their actions, express repentance and repair the harm they have done. First published in 2002, *Restorative Justice Ideas Values Debates* is renowned worldwide as an accessible, balanced and invaluable analysis of the argument that restorative justice can provide an attractive alternative to traditional responses to crime. The second edition includes a new chapter identifying and analyzing fundamental shifts and developments in restorative justice thinking over the last decade. It suggests that the campaign for restorative justice has not only grown rapidly in the last decade but has also changed in its focus and character. What started as a campaign to revolutionize criminal justice has evolved into a social movement that aspires to implant restorative values into the fabric of everyday life. This new edition explores the implications of this development for restorative justice's claim to provide a feasible and desirable alternative to mainstream thinking on matters of crime and justice. This book provides an essential introduction to the most fundamental and distinctive ideas of restorative justice and will appeal to students of criminology, law or related disciplines or researchers and professionals with an interest in crime and justice issues. In addition, it extends the debate about the meaning of restorative justice, pros, cons and wider significance, hence it will also be of interest to those already familiar with the topic. **Debating Restorative Justice** Chris

Cunneen, Carolyn Hoyle, 2010-08-25 *Debating Law* is a new exciting series that gives scholarly experts the opportunity to offer contrasting perspectives on significant topics of contemporary general interest. In this first volume of the series, Carolyn Hoyle argues that communities and the state should be more restorative in responding to harms caused by crimes, antisocial behaviour and other incivilities. She supports the exclusive use of restorative justice for many non-serious offences and favours approaches that by integrating restorative and retributive philosophies take restorative practices into the deep end of criminal justice. While acknowledging that restorative justice appears to have much to offer in terms of criminal justice reform, Chris Cunneen offers a different account, contending that the theoretical cogency of restorative ideas is limited by their lack of a coherent analysis of social and political power. He goes on to argue that after several decades of experimentation, restorative justice has not produced significant change in the criminal justice system and that the attempt to establish it as a feasible alternative to dominant practices of criminal justice has failed. This lively and valuable debate will be of great interest to everyone interested in the criminal justice system. Onderzoek justitie doorgelicht 1995-2003 Elke

Devroe, Leen Van de Velde, Leen Van de Velde, 2005 **Straffen** Kristel Beyens, Sonja Snacken, 2017-10-16 Penologie is de leer van het straffen. De bestraffing heeft echter vele gezichten en straffen als de doodstraf en de gevangenisstraf spreken

nog altijd heel sterk tot de verbeelding Waarom straft een samenleving Wie zit er in de gevangenis Hoe en door wie worden de straffen uitgevoerd Welke gevolgen heeft een gevangenisstraf voor de gedetineerde Wat betekent het om in de gevangenis te werken Hoe en door wie wordt er beslist wanneer iemand kan vrij komen En hoe zit het nu weer met dat elektronisch toezicht Deze en nog veel andere vragen komen aan bod in dit boek dat voortbouwt op een jarenlange wetenschappelijke interesse van de editors in verschillende aspecten van het straffen Het bundelt een aantal recente en klassieke wetenschappelijke inzichten over de gevangenisstraf de internering de doodstraf de straffen in de gemeenschap en vreemdelingendetentie en analyseert de belangrijkste beleidsevoluties op een kritische wijze De focus ligt op België maar er is ook veel aandacht voor het internationale perspectief De visies van beleidsactoren penale beslissers en uitvoerders van de straf en van de justitiabelen die onderworpen worden aan straf komen aan bod Organisatorische en culturele aspecten van de strafuitvoeringsinstituten zoals de gevangenis en de justitiehuisen worden vanuit juridische sociologische en psychologische hoek behandeld

Restorative Justice in Transition Kerry Clamp, 2013-09-05 This book explores how restorative justice is used and what its potential benefits are in situations where the state has been either explicitly or implicitly involved in human rights abuses Restorative justice is increasingly becoming a popular mechanism to respond to crime in democratic settings and while there is a burgeoning literature on these contexts there is less information that focuses explicitly on its use in nations that have experienced protracted periods of conflict and oppression This book interrogates both macro and micro utilisations of restorative justice including truth commissions criminal justice reform and

the development of initiatives by communities and other non state actors The central premise is that the primary potential of restorative justice in responding to international crime should be viewed in terms of the lessons that it provides for problem solving rather than its traditional role as a mechanism or process to respond to conflict Four values are put forward that should frame any restorative approach engagement empowerment reintegration and transformation It is thought that these values provide enough space for local actors to devise their own culturally relevant processes to achieve longstanding peace This book will be of interest to those conducting research in the fields of restorative justice transitional justice as well as criminology in general International Handbook of Penology and Criminal Justice Shlomo Giora Shoham,Ori Beck,Martin Kett,2007-10-08 At the outset of the twenty first century more than 9 million people are held in custody in over 200 countries around the world from the essay Prisons and Jails by Ron KingThe first comparative study of this increasingly integral social subject International Handbook of Penology and Criminal Justice provides a comprehensive and balanced review
