Benjamin Myers

Resurrection Interpreting The Easter Gospel:

Resurrection Rowan Williams, 1994 Combining biblical scholarship with references to contemporary literature philosophy and social psychological issues renowned theologian Rowan Williams shows how the resurrection keeps its meaning for us today Thoughtful textured prose with wonderful literary allusions The Living Church *Resurrection* Rowan Williams, 1982

Resurrection Rowan Williams, 1982 **Pasen** Wesley Hill, 2026-01-08 Verdieping en overdenking in de aanloop naar Pasen in dit tweede deel van de serie Heilige tijden Pasen Een tijd van opstanding van theoloog Wesley Hill is het tweede deel in de serie Heilige tijden na Advent van Tish Warren Wesley Hill neemt je mee door het paasverhaal en de betekenis van Pasen vroeger en nu Hoe werd de opstanding van Jezus in de evangeliën en de vroege kerk beleefd Hoe is Pasen ingebed in de tijd van Aswoensdag tot Pinksteren en hoe kunnen we die dagen vieren Wat betekenen Jezus opstanding zijn hemelvaart en de uitstorting van de Geest voor ons vandaag Op deze vragen gaat de auteur op een prettige persoonlijke en inhoudelijke manier in Dit is geen veertigdagenboek maar kan wel als zodanig gebruikt worden het geeft verdieping en overdenking in de aanloop naar Pasen On the Resurrection, Volume 1 Gary Habermas, 2024-01-15 The first volume of Gary Habermas's

magnum opus On the Resurrection Evidences represents the culmination of fifty years of research on the probability of Jesus's resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ **Christ the Stranger: The Theology of Rowan Williams**

Benjamin Myers, 2012-01-26 An introduction to the thought of one of the most fascinating theologians and at the same time most controversial church leaders of our time **Why Beliefs Matter** E. Brian Davies, 2010-07-09 In the follow up to his acclaimed Science in the Looking Glass Brian Davies discusses deep problems about our place in the world using a minimum of technical jargon The book argues that absolutist ideas of the objectivity of science dating back to Plato continue to mislead generations of both theoretical physicists and theologians It explains that the multi layered nature of our present descriptions of the world is unavoidable not because of anything about the world but because of our own human natures It tries to rescue mathematics from the singular and exceptional status that it has been assigned as much by those who understand it as by those who do not Working throughout from direct quotations from many of the important contributors to its subject it concludes with a penetrating criticism of many of the recent contributions to the often acrimonious debates about science and religions **Accompany Them with Singing** Thomas G. Long, 2009-01-01 Reviews the beliefs customs and rituals associated with Christian funerals discusses the growing acceptance of cremation and memorial services and explains how to plan a spiritually meaningful funeral service To Share in the Body Craig Hovey, 2008-02-01 In modern day America it is hard for Christians to imagine ever dying for their faith And yet in To Share in the Body author Craig Hovey challenges Christians to view martyrdom not as relegated to the past or to remote parts of the world but rather as having profound

implications for Christian witness today By examining the Gospel of Mark s recurring theme of martyrdom Hovey argues that martyrdom is a critical aspect of the gospel and therefore crucial to how the church today remembers martyrs and understands Christian discipleship Written by an up and coming theologian To Share in the Body provides engaging theological reflection that will benefit not only scholars and students of theology but also anyone interested in understanding a biblical view of martyrdom The book also includes a foreword by Samuel Wells **Desire, Gift, and Recognition**

Jan-Olav Henriksen, 2009-02-15 A major work in the philosophy of religion this book interprets the Jesus story in terms of postmodern philosophy particularly using Jacques Derrida s categories of desire gift and recognition Author Jan Olav Henriksen also attempts to reformulate Christology without resorting to such metaphysical concepts as substance transcendence etc While not denying traditional doctrines Henriksen explicates the meaning of Jesus life and death in ways that engage contemporary philosophy and challenge contemporary academic Christians to rethink the basics of their faith and he outlines the possibility of a post metaphysical Christology Henriksen s book is a clearly reasoned guide not only to the argument that Christology still has something to say to contemporary believers but also to ways in which theologians must learn to reconnect to everyday human experience
