and set course for a mare incognitum A popular culture artifact of the New Frontier Space Race era Star Trek is often mistakenly viewed as a Space Western However the Western format is not what governs the worldbuilding of Star Trek which was after all also pitched as Hornblower in space Star Trek is modeled on the world of the British Golden Age of Sail as it is commonly found in the genre of sea fiction This book re historicizes and remaps the origins of the franchise and subsequently the entirety of its fictional world the Star Trek continuum on an as yet uncharted transatlantic bearing **H.C. Bailey's Reggie Fortune and the Golden Age of Detective Fiction** Laird R. Blackwell, 2017-07-14 H C Bailey s detective Reggie Fortune was one of the most popular protagonists of the Golden Age of detective fiction Fortune appeared in nine novels yet it was in a series of 84 short stories that were published from 1920 to 1940 where he truly shone combining elements of several popular archetypes the eccentric logician the forensic investigator the hard boiled interrogator the psychological profiler the defender of justice This critical study examines the Fortune stories in the context of other popular detective fiction of the era Bailey s classics are distinguished by well clued puzzles brilliant sleuthing vivid description and social critique with Fortune evoking images of Don Quixote and the Arthurian Knights in his pursuit of truth and justice in an uncaring world **Animality and Children's Literature and Film** A. Ratelle, 2014-11-27 Examining culturally significant works of children s culture through a posthumanist or animality studies lens Animality and Children s Literature and Film argues that Western philosophy s objective to establish a notion of an exclusively human subjectivity is continually countered in the very texts that ostensibly work to this end Seamus Heaney and American Poetry Christopher Lavery, 2022-05-09 This book examines the influence of American poetry on Seamus Heaney s achievement by close attention to the themes style and resonances of his poetry at different stages of his career including his appointments in Berkeley and Harvard Beginning with an examination of Heaney s education at Queen s University this study presents comparative close readings which explore the influence of five American poets he read during this period Robert Frost John Crowe Ransom Theodore Roethke Robert Lowell and Elizabeth Bishop Lavery demonstrates how Heaney returned to several of these poets in response to difficulty and to consolidate later aesthetic developments Heaney s ambivalent critical treatment of Sylvia Plath is investigated as is his partial misreading of Bishop who is understood today more sensitively than in her lifetime This study also probes the reasons for his elision of other prominent American writers making this the first comprehensive assessment of American influence on Heaney s poetry The Cuckoo's Lea Michael J. Warren, 2025-06-05 Birds have long inspired our emotional and imaginative connections to physical environments but where did it all begin Hidden in the names of English towns and villages in copses fields lanes and hills are the ghostly traces of birds conjuring powerful identities for people in ancient landscapes What are their stories and secrets How did people encounter birds over a thousand years ago In The Cuckoo s Lea Michael J Warren sets out on the trail of these ghosts Captivated and guided by the secrets of place names he finds their stories entangled with his own explorations of places through birds all across England The past is hauntingly and

movingly present on timeless marshes where curlews cry where goshawks are breeding again for the first time in centuries through silent cuckoo woods lost under concrete sprawl in the winter roosts of corvids and an owl village that vanished centuries ago Weaving together early literature history and ornithology this book takes readers on a journey far into the past to contemplate the nature of place and to discover a fascinating heritage that matters deeply to us now when so many places and their birds are threatened or already gone
