

Active Transport (Section 5-2)

Answer Sheet

VOCABULARY REVIEW Define the following terms.

1. Active transport: is the movement of materials across a membrane from an area of lower concentration to an area of higher concentration.
2. Endocytosis: is the process by which cells ingest external fluid, macromolecules, and large particles.
3. Vesicle: is a membrane-bound organelle that pinches off from the cell membrane during endocytosis or fuses with the cell membrane during exocytosis.
4. Phagocytosis: is a type of endocytosis in which cells ingest large particles or whole cells.

MULTIPLE CHOICE

1. b 2. a 3. c 4. b 5. d

SHORT ANSWER

1. Why is the sodium-potassium transport mechanism called a "pump"? The mechanism uses energy to move (pump) Na^+ and K^+ up their concentration gradients.
2. Explain how a phagocyte destroys bacteria. The phagocyte forms a pouch in its cell membrane and engulfs bacteria in the pouch. It then pinches off the pouch to form a vesicle. Lysosomes fuse with the vesicle, and lysosomal enzymes destroy the bacteria it contains.
3. Describe how a cell produces and releases proteins. Proteins are made on ribosomes and packaged into vesicles by the Golgi apparatus. The vesicles move to the cell membrane and fuse with it, releasing the proteins from the cell through exocytosis.
4. **Critical Thinking** Why is it important that ions being transported across a cell membrane be shielded from the interior of the lipid bilayer? The interior of the lipid bilayer is nonpolar and therefore would repel ions, which are attracted to polar environments.

Modern Biology Study Guide Active Transport Answers

**Barron's Educational Series, Gabrielle
I. Edwards, Cynthia Pfirrmann**

Modern Biology Study Guide Active Transport Answers:

CCEA AS Biology Student Unit Guide New Edition: Unit 1 Molecules and Cells John Campton,2012-08-31 Written by a senior examiner John Campton this CCEA AS Biology Student Unit Guide is the essential study companion for Unit 1 Molecules and Cells This full colour book includes all you need to know to prepare for your unit exam clear guidance on the content of the unit with topic summaries knowledge check questions and a quick reference index examiner s advice throughout so you will know what to expect in the exam and will be able to demonstrate the skills required exam style questions with graded student responses so you can see clearly what is required to get a better grade **AQA Smart GCSE Biology: AQA Smart GCSE Biology Student Book** Ann Fullick,2025-07-10 This AQA approved AQA GCSE Biology Student Book ebook edition has been brought right up to date to meet the needs of today s students As well as clear and accessible explanations and diagrams covering all of the required GCSE Biology knowledge and skills this student book uses current research and evidence to go into even more depth Carefully picked and diverse examples give each topic contexts that students can relate to helping them to make invaluable connections across the specifications and more widely And there s more Metacognitive strategies helping students to learn about learning have been included throughout so students develop independent learning skills to become resilient and successful learners This approach is across all of the AQA GCSE Science Student Books in this series A print version of this book 9781382051415 is also available to buy separately *Barron's Science 360: A Complete Study Guide to Biology with Online Practice* Barron's Educational Series,Gabrielle I.
