## Our Universe Gods Design For Heaven Earth:

*For Heaven's Sake* Ivan Rudolph, 2004

# THE MAGNIFICENCE OF THE 3 Timeout A. Taumua,2023-10-05 Greetings

The THE MAGNIFICENCE OF THE 3 title was extracted from a quote attributed to the legendary NIKOLA TESLA stating that If you only knew the magnificence of the 3 6 and 9 then you would have the key to the universe The magnificence of the three as I claim was a reference to the atom s three particles Yes I found the ATOM in the Torah If you know then you know the implications As I followed its tracts to the New Testament God revealed to me the identities of the Tree of Knowledge Tree of Life Garden of Eden and the Ark of the Testimony along the way Scientists define their design and purposes without understanding and inadvertently reveal God s hidden treasures Come review the record for yourself and for your elders before they move on You will never fully know God until you know what this Garden is and its Trees God s design is a thing of beauty and it cannot be accessed with faith So enjoy and meet God the Scientist Creator of Heaven and Earth

Glaze,2011-05 What was it really like The first moment the first second that the universe came into

being and what process did it go through What was on god s mind as he went about creation Read and discover the plan and the methods and the principles which God followed as he accomplished his great work It will be found that God acted in a reasonable logical and practical way just as any designer or engineer might do today He followed two grand principles The first was that he would form and fill the earth and the universe The second is that he would create and arrange He would form everything than needed to be formed and then he would fill everything that needed to be filled Secondly he would create and arrange things Sort of as we might first pick out the furniture and then bring it home and place it in a certain location These are the two bedrock principles of the methodology which he followed Come and discover the rest The reader may discover that Genesis is not an ancient myth but a true plan by which the universe was created
