Kurt Mettenheim

Other Peoples Money The Real Business Of Finance:

Other People's Money John Kay, 2015-09-03 Shortlisted for the Orwell Prize 2016 We all depend on the finance sector We need it to store our money manage our payments finance housing stock restore infrastructure fund retirement and support new business But these roles comprise only a tiny sliver of the sector's activity the vast majority of lending is within the finance sector So what is it all for What is the purpose of this activity And why is it so profitable John Kay a distinguished economist with wide experience of the financial sector argues that the industry's perceived profitability is partly illusory and partly an appropriation of wealth created elsewhere of other people's money The financial sector he shows has grown too large detached itself from ordinary business and everyday life and has become an industry that mostly trades with itself talks to itself and judges itself by reference to standards which it has itself generated And the outside world has itself adopted those standards bailing out financial institutions that have failed all of us through greed and mismanagement We need finance but today we have far too much of a good thing In *Other People's Money* John Kay shows in his inimitable style what has gone wrong in the dark heart of finance

Other People's Money Sharon Ann Murphy, 2017-03-15 How the contentious world of nineteenth century banking shaped the United States Pieces of paper that claimed to be good for two dollars upon redemption at a distant bank Foreign coins that fluctuated in value from town to town Stock certificates issued by turnpike or canal companies worth something or perhaps nothing IOUs from farmers or tradesmen passed around by people who could not know the person who first issued them Money and banking in antebellum America offered a glaring example of free market capitalism run amok unregulated exuberant and heading pell mell toward the next panic of burst bubbles and hard times In *Other People's Money* Sharon Ann Murphy explains how banking and money worked before the federal government spurred by the chaos of the Civil War created the national system of US paper currency Murphy traces the evolution of banking in America from the founding of the nation when politicians debated the constitutionality of chartering a national bank to Andrew Jackson's role in the Bank War of the early 1830s to the problems of financing a large scale war She reveals how ultimately the monetary and banking structures that emerged from the Civil War also provided the basis for our modern financial system from its formation under the Federal Reserve in 1913 to the present Touching on the significant role that numerous historical figures played in shaping American banking including Alexander Hamilton James Madison Benjamin Franklin Henry Clay Daniel Webster and Louis Brandeis *Other People's Money* is an engaging guide to the heated political fights that surrounded banking in early America as well as to the economic causes and consequences of the financial system that emerged from the turmoil By helping readers understand the financial history of this period and the way banking shaped the society in which ordinary Americans lived and worked this book broadens and deepens our knowledge of the Early American Republic

Other People's Money Nomi Prins, 2006-08-01 Critical independent voices are seldom found within the citadels of international finance That's what makes Nomi Prins unique During fifteen years as an

executive at skyscraping banks like Goldman Sachs Bear Stearns and Lehman Brothers Prins never lost her ability to see the broader picture She walked away from the game in 2002 out of disgust with the burgeoning corporate corruption just as its magnitude was becoming clear to the public In this acclaimed expos named one of the best books of 2004 by The Economist Barron s Library Journal and The Progressive Prins provides fascinating firsthand details of day to day life in the financial leviathans with all its rich absurdities She demonstrates how the much publicized fraud of recent years resulted from deregulation that trashed the rules of responsible corporate behavior and not simply the unbridled greed of a select few While the stock market roared on the back of phony balance sheets executives made out like bandits and Congress looked the other way Worse yet as the new foreword to the paperback edition makes clear everything remains in place for a repeat performance

Leverage Other People's Money to Scale : How to Grow Without Risking Your Own Cash Silas Mary,2025-02-13 Many of the world s most successful entrepreneurs didn t scale their businesses with their own money they used other people s capital This book teaches you how to strategically leverage funding investors and business credit to expand without putting your own wealth on the line Learn how to raise capital structure win win deals and secure the funding needed to scale your business rapidly By understanding how to use leverage effectively you ll accelerate growth without taking on unnecessary risk Whether you re an entrepreneur seeking investment a business owner looking to expand or someone interested in scaling smartly this book provides the ultimate playbook for growing a business using other people s money

Other People's Money and How the Bankers Use It Louis D. Brandeis,2009-01-01 The Economist magazine recently called him a Robin Hood of the law American lawyer LOUIS DEMBITZ BRANDEIS 1856 1941 developed the concept of the right to privacy in an 1890 law journal article and in this classic 1914 work he denounced investment banking corporatism monopolies and the consolidation of American wealth in the hands of a privileged few In this collection of essays first published the year before in Harper s Weekly Brandeis championed the progressive economic ideals of Woodrow Wilson s New Freedom explained how entrepreneurial efforts and small businesses were being stifled and innovation and competition smothered in the fiscal environment he saw and offered suggestions for reversing the trend Hugely influential at the time *Other People s Money and How The Bankers Use It* may have contributed to Brandeis s ascension to the United States Supreme Court Justice in 1916 he would serve until 1939 Today it serves another purpose to remind us how the great experiment of American capitalism went astray again even in the wake of this powerful and important warning about the same dangers a century ago

Buy Your Own Business With Other People's Money Robert A. Cooke,2014-10-21 Most entrepreneurs interested in buying a business naturally assume they need large amounts of cash to work a deal In fact there are other ways to fund an entrepreneurial venture particularly through seller financing This simple straightforward guide covers every possible source of financing available for wannabe business owners how to deal with sellers and how to use asset financing selling equity and asset protection *Buy Your Own Business with Other People s Money* shows that you don t

have to be rich to buy a business you just need to be creative in financing your new business For everyone who dreams of owning a business one day this book has the answers *Money IQ Financial Psychology* AYŞE FULYA ÇALAR,2024-10-25 Understanding the role money plays in our lives may seem like simple math but true wealth and financial freedom require a much deeper awareness This awareness is not about how money is earned but about how it is given meaning how it is managed and how it is viewed In writing this book I aimed not only to increase your financial literacy but also to radically change the way you think Because being rich is not just about making more money or working harder as many people think True wealth is in your ability to manage your relationship with money This is possible when you can manage not only the events in the external world but also the beliefs emotions and behaviors in your internal world Many people are driven by their biggest enemies when it comes to making big financial moves their fears habits and misconceptions This book will show you how to overcome these limitations not just in your pocket but in your mind When you remove your mental and emotional barriers you will see how your financial intelligence grows exponentially and spreads to every area of your life Remember If you want wealth you have to think When you realize that money is not just a tool but the psychological and emotional factors behind it are very powerful you will have made the biggest investment in your life This book provides you with a step by step guide to financial freedom providing a solid foundation on which to build your own wealth When you finish this book you will notice that your relationship with money has changed radically Your thinking will be more strategic your emotions more controlled and your goals clearer You will understand how your brain makes financial decisions which subconscious patterns control you You will discover the reasons behind the decisions you make and most importantly you will experience how your financial intelligence increases rapidly as your fears decrease **Using Other People's Money to Get Rich** Desiree Smith-Daugherty,2010 Using other people s money is becoming an increasingly common practice In fact you have probably used other people s money at some point without even realizing it Even Donald Trump used other people s money to finance his investments Now with this book you too can knowingly use other people s money to increase your wealth Using other people s money or OPM can be a risky strategy but Using Other s People Money to Get Rich will show you how to downplay the risks avoid the common pitfalls and minimize your costs You will learn about various sources of OPM including lending institutions venture capitalists angel investors the federal government investment banks savings and loan associations insurance companies and credit unions You will also learn how to meet the source s investment criteria which will help ensure that you acquire OPM for your needs In addition you will become knowledgeable about the benefits of using OPM debt and equity transactions performing due diligence and research the short and long term costs and securities laws You will also learn how to use OPM to pay off debts and invest in paper assets the stock market rental properties and part time home based or Web based businesses We spent hours interviewing investors to learn how they used OPM to make money and here we provide you with all the secrets techniques and strategies you need to know in order to make millions Atlantic
