Our Holy Yearnings Life Lessons For Becoming Our Truest Selves:

Our Holy Yearnings Joan Chittister, 2014 *Awakening as Holy Mystery* Kevin G. Thew Forrester, 2025-07-15

Christianity is an ancient non dual spiritual path of awakening This is not an awakening to God known as a religious object through the lens of belief hewn into shape through a set of religious doctrines This awakening begins with falling in love with the heart of Reality Holy Mystery and comes to fruition in the realization that the soul is one with the Beloved Holy Mystery the soul discovers is the true I of existence The author invites the reader on a journey through reflections and explorations nurtured by worship and prayer Here the soul might begin to slowly awaken to the truth of what she herself is This is the gracious path of Jesus own heart realizing that he and the Beloved are one Jesus awakens as the Christ The spiritual path in the Christian tradition is that each person also realizes Christ heart awakening and knowing not only one s own being as Holy Mystery but all creation as the unfolding flowering of boundless love Awakening becomes the source of servanthood and service Jesus embodies what each is called to realize as the heart s deepest and unceasing longing Winged with Longing for Better Things Sylvia Sweeney, 2019-11-17 A Lenten devotional written from an eco feminist perspective Rather than classical penitence this book emphasizes intercession solidarity and preparation Its aim is to help readers learn to view the world incarnationally and sacramentally In rejecting one s own embodiment and the natural world the earth is being irreparably harmed by our destructive actions The book invites readers to move beyond sympathy for those in strife into action and advocacy on the behalf of the earth and its less powerful inhabitants Photographs and poetry enhance the daily devotional readings Creating Eartheaven in Your Life Profound Transformation of Your Soul David H. Fastiggi, 2014-05-17 *Creating Eartheaven in Your Life* is unique and it is innate in all human beings Humanity s quest for a wholesome peaceful life goes unabated Our search for our better self that identifies with the reality of the world we live in all too often filled with grief and stress is juxtaposed with faith and hope for change or a miracle Do we just have faith expecting God will deliver humanity from the ills we have caused Should we just buckle down and be practical seeking solution with our rational self What kind of God do we actually know or are we seeking a relationship with an image of God taught to us What is the divine matrix and does a personal God speak to us Science stands for one view of creation and faith stands for another Is there a joining point of the two Has our species *Homo sapiens* stalled out in evolutionary development Is the world becoming a village of cooperation and mutual peace seeking Can we continue the way we have been and survive our own arrogance What is the future of faith religion and spirituality The author in a comprehensive way takes us on a journey to explore answers to these questions and much more Eartheaven is a paradigm of integration between the soul s development and our biological body and by extension all creation He delves into scientific reality while preserving in the beginning God created *Creating Eartheaven in Your life* is a deep exploratory of the soul s life in the experience of hurt and suffering and the potential for there to be personal divine human embodiment and therefore earth peace Through ten fundamental teaching

combining Jesus words of two thousand years ago an Aramaic understanding the authors revelatory experience in an apparition of Jesus his 44 years life experience psychology and science your reading and learning experience will be a challenge and liberation of the soul Profound transformation is needed and this codex offers the leverage needed to shift our life course towards personal awakening and transformation as well as providing a blue print for future generations Creating Eartheaven in Your Life brings us into universal principles of life a meeting for humanity without walls This volume of two addresses specifically transformation of the soul heaven unfolding Volume two addresses transformation of the body representing the earth and thus eartheaven Granted this book is not an easy read but proves to be a strong mirror reflecting back to us our lives and what we can become fulfilling humanity's evolutionary life potential and perhaps vital to our survival as a people

The Holy Longing Connie Zweig, 2008-04-08 Longing is the core of mystery Longing itself brings the cure Rumi In every tradition saints and poets speak of the soul's search for the beloved the seeker's yearning for the divine This holy longing a secret feeling with many disguises leads us to pursue religious discipleship spiritual practice romantic union or an ideal community It guides us to timeless wisdom and transcendent experience But it also can go awry when we misplace it onto objects such as food alcohol drugs or sex believing that they will satisfy our craving Or when we misplace it onto an authoritarian personality believing that he or she will meet our unmet needs If this teacher or priest abuses power we encounter the shadow side of spiritual life Whether the abuse is sexual financial or emotional coercion we may feel forsaken and lose faith even in God The Holy Longing tells the stories of teachers in many traditions Sufi poet Rumi Hindu master Ramakrishna Christian saint Catherine of Siena whose lives unfolded as they followed their longing And it tells the tales of many ordinary people Catholic believers students of Zen and TM followers of Trungpa Rinpoche and Rajneesh and their encounters with spiritual shadow Finally it offers wise counsel for rekindling the flame of faith moving through the shadow to the light by reclaiming sacred parts of the self that were lost along the way

Managing by the Bhagavad Gītā Satinder Dhiman, A. D. Amar, 2018-11-27 Drawing upon the timeless wisdom of the Bhagavad Gītā a philosophical spiritual world classic this professional book highlights the spiritual and moral dimensions of management using an inside out leadership development approach It interprets the Bhagavad Gītā's teachings on the personality types and psychological makeup of managers and employees self knowledge and self mastery and the leadership concepts of vision motivation and empowerment This book covers topics such as training of the mind ethical leadership communication stress management and corporate social responsibility CSR Collectively the enclosed contributions provide managers with an enhanced outlook on management functions such as leading planning organizing and controlling in today's organizations particularly those run by knowledge workers Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager However this traditional paradigm cannot solve many of the problems that confront leaders and managers today Recent

studies have shown that values traditionally associated with spirituality such as integrity honesty trust kindness caring fairness and humility have a demonstrable effect on managerial effectiveness and success Although traditionally interpreted as a religious spiritual text the Bhagavad G t teaches these values which can be extrapolated and applied to practical management lessons in today s corporate boardrooms Applying the text of the Bhagavad G t to the context of management this book views the manager as an enlightened sage who operates from higher stance guided by self knowledge and self mastery It demonstrates how character is the key ingredient for effective management and leadership This book is therefore applicable to all managers from first line to CEOs in their management and leadership roles in organizations Way of the Spiritual Yogi Ginger Dunaway,2018-10-11 Every human being on Earth longs and searches for true meaning and fulfillment Unfortunately most of us search in the wrong places and end up empty handed We won t find true fulfillment in a fancy new car or lavish vacation We will find it on the yoga mat in the comfort of our own homes The regular practice of yoga allows us to escape distractions break patterns examine our inner selves deeply and ultimately find true contentment and joy When the practice and teachings of yoga are combined with the teachings of A Course in Miracles we find ourselves on the most fascinating exploration of self leading us to what we have truly been missing all along If you are ready for a simple and honest glimpse into this phenomenal practice of yoga open the pages of this book seek no more and discover the life you have only seen in your dreams **Longing in a Culture of Cynicism** Stephan van Erp,Lea Verstricht,2008 Through current expressions of religion people are confronted with all kinds of longings and desires which have no place in a rationalised and alienated culture At the same time these longings are seeking and finding opportunities for expression How to understand this cultural ambiguity The authors in this volume explore the possibilities of a rationality beyond rationalism reflecting beyond the borders of human imagination on the hidden God *The Transbeingness of Man* Thomas Martin Newald,2016-08-26 This book is my contribution of intuitive epistemology This book discusses many new understandings of ultimate reality but primarily new understandings of the nature of God the nature of man and the nature and origin of our present universe God is described as not personal not all powerful not all knowing and not all present Individualized man is described as the unknowing expression of God The universe is described as composed in part of the formless realm the physical realm the purgatorial realm the spiritual realm and the infinite void The transbeingness of man is described as formless man physical man purgatorial man and spiritual man Individualized man a nonspecific term for individualizations of infinite man is described as alternately existing in two realities The first reality is core reality In core reality individualized man is in total self conscious unity and harmony with God Thus in core reality individualized man exists in a mental self realizing state of total harmony and bliss The second reality is objective reality In objective reality individualized man experiences his infinite existence This experiencing of existence is described as the purpose for individualized mans existence Also a fundamental understanding of this book is understanding the difference between real experiences and

nonreal experiences All functions within ultimate reality comprise real experiences All experiences self consciously created by individualized man are nonreal experiences It is through the creative experiencing of objective existence that individualized man understands himself God and the purpose for his infinite existence Finally this book describes heaven and hell Individualized man self punishes himself for all his wrongdoings God punishes no one Hell is reserved for the individualizations of man that self consciously reject God but real physical hell is not a place of punishment *The Temple of Education* Thomas Elford POYNTING,1851
