Our Universe Gods Design For Heaven And Earth:

For Heaven's Sake Ivan Rudolph,2004 **THE MAGNIFICENCE OF THE 3** Timeout A. Taumua,2023-10-05 Greetings
The THE MAGNIFICENCE OF THE 3 title was extracted from a quote attributed to the legendary NIKOLA TESLA stating that If you only knew the magnificence of the 3 6 and 9 then you would have the key to the universe The magnificence of the three as I claim was a reference to the atom s three particles Yes I found the ATOM in the Torah If you know then you know the implications As I followed its tracts to the New Testament God revealed to me the identities of the Tree of Knowledge Tree of Life Garden of Eden and the Ark of the Testimony along the way Scientists define their design and purposes without understanding and inadvertently reveal God s hidden treasures Come review the record for yourself and for your elders before they move on You will never fully know God until you know what this Garden is and its Trees God s design is a thing of beauty and it cannot be accessed with faith So enjoy and meet God the Scientist Creator of Heaven and Earth **How to Build a Universe** David W. Glaze,2011-05 What was it really like The first moment the first second that the universe came into being and what process did it go through What was on god s mind as he went about creation Read and discover the plan and the methods and the principles which God followed as he accomplished his great work It will be found that God acted in a reasonable logical and practical way just as any designer or engineer might do today He followed two grand principles The first was that he would form and fill the earth and the universe The second is that he would create and arrange He would form everything than needed to be formed and then he would fill everything that needed to be filled Secondly he would create and arrange things Sort of as we might first pick out the furniture and then bring it home and place it in a certain location These are the two bedrock principles of the methodology which he followed Come and discover the rest The reader may discover that Genesis is not an ancient myth but a true plan by which the universe was created [The Bible's Answers to 100 of Life's Biggest Questions](#) Norman L. Geisler,Jason Jimenez,2015-01-13 Every believer has questions about God the Bible Jesus and the purpose and meaning of life The vexing problem is that so few believers are able to answer even the most basic ones Without answers doubt creeps in and the future of the church is in jeopardy With insight and precision Geisler and Jimenez address one hundred penetrating questions that the culture asks and Christians must be prepared to answer including both controversial questions raging in the public sphere and personal questions about family issues the purpose and meaning of life and the future of the world Christians from every walk of life especially young believers youth workers and parents will treasure this comprehensive resource Foreword by Josh and Sean McDowell *What and Where is God? A Human Answer to the Deep Religious Cry of the Modern Soul* Richard La Rue Swain,2022-09-04 In the thought provoking treatise What and Where is God A Human Answer to the Deep Religious Cry of the Modern Soul Richard La Rue Swain delves into the profound existential questions that have perplexed humanity for eons Captivating in its literary style the work seamlessly weaves philosophical inquiry with theological exploration reflecting the author s adept engagement with the

spiritual quandaries of his era Embedded within its meticulously reconstructed text by DigiCat Publishing the book remains an evocative piece that resonates with contemporary seekers of truth serving as a testament to the enduring nature of humankind s search for the divine Richard La Rue Swain emerges as a scholar deeply attuned to the spiritual tumult of his time channeling his insights into a narrative that grapples with the nature of God in the context of human experience His profound contemplation stems from an astute observation of the zeitgeist possibly influenced by the accelerating secularization and the consequent vacuum felt within the souls of modern individuals Swain s personal journey and scholarly pursuits likely provided the fertile ground from which this seminal work sprouted What and Where is God is highly recommended for readers drawn to the intersections of theology philosophy and the human condition It stands as an essential read for those aspiring to grasp the essence of spirituality through a humanistic lens Swain s intellectually rich prose invites reflection engaging one s own beliefs whilst providing a compassionate response to the existential dilemmas faced by many today This carefully resurrected classic by DigiCat Publishing warrants recognition and contemplation offering wisdom that transcends the temporal bounds of its original publication

A New Perspective of Genesis Bishop Donald L. Thomas, 2017-06-15 In writing this commentary my goal was to make simple those things that were hidden so that those who read the book of Genesis could comprehend what they read I pray that all who do read my book will be blessed and enlightened and that the books contents may serve as a basic learning guide This commentary is for the purpose of causing the children of God to study his Word in the manner in which it was intended We cannot receive the nourishment needed for our spiritual being without understanding what we are reading It is not the intent of the Holy Spirit to paint a picture of the men and women of the Bible that escalates out of our reach but to create hope in the least of us as we read about their defeats and victories of their sicknesses and healings of their faith and fear of their sin and righteousness and of their joy and sorrow Things that were written were written for our learning but many of us have not learned the scriptures in the light of what they are declaring Consequently instead of finding the hope that the scriptures were written for many become discouraged because their focus is on the victories without understanding the struggles These men and women were the same as we are They were not supernatural beings though many had supernatural encounters At any rate there is not one of Gods children who have been truly born again who have not had a supernatural encounter When the Holy Spirit invaded your life there was nothing natural about that When you were transformed from darkness to light there was nothing natural about that When the blood of Jesus cleansed you from all of your sins there was nothing natural about that When you were transformed by the renewing of your mind there was nothing natural about that When heaven rejoiced in the news of your repentance there was nothing natural about that But if our focus is not right we will embrace the wrong thing We will cleave to the experience rather than the Creator of all things May God grant unto us all the ability to see the scriptures in the context that they were intended
