Entrepreneurship Adnan ul Haque, 2025-07-30 Entrepreneurship A Contemporary Perspective emphasizes theories and practices related to entrepreneurship as it is found in the real world The book provides in depth insights into entrepreneurship concepts and offers practical learning solutions through its many and varied case studies The book explores the attributes of successful entrepreneurial ventures in a changing business environment and explains how key concepts approaches and practices have

evolved over time The unique focus of this textbook is that it steps away from the traditional views of entrepreneurship and instead looks at entrepreneurship through a number of distinct lenses including gender geopolitical trends and the social environment The book also examines the optimal conditions and strategies for the survival and sustenance of entrepreneurial ventures in an ever changing business world With a future facing focus Entrepreneurship A Contemporary Perspective shines a light on what entrepreneurship will be like in the next few likely transformative decades Suitable for students at advanced undergraduate and postgraduate levels this textbook will find a home wherever modern entrepreneurship is taught and studied

A Reconsideration of the Theory of Non-Linear Scale Effects Richard G. Lipsey, 2018-03-22 The main thrust of this Element is a critical assessment of the theory and evidence concerning the sources of scale effects It is argued that the analysis of static scale effects is important because scale effects are embedding in our world and new technologies associated with an evolving economy often allow their exploitation when they cannot be exploited in less technically advanced and smaller economies So although static equilibrium theory is not a good vehicle for studying economic growth showing how scale effects operate when output varies with given technology helps us to understand the scale effects that occur when output rises as a result of economic growth even though that is typically driven by technological change
