Een geschiedenis van de wereld in acht plagen Jonathan Kennedy, 2023-04-13 Microben en de geschiedenis van de mens Microben hebben de loop van onze geschiedenis bepaald van de overwinning van Homo sapiens op de neanderthalers tot de opkomst van het kapitalisme Het succesverhaal van de menselijke soort wordt doorgaans toegeschreven aan onze denk en spierkracht aan individuele en collectieve acties die de loop van de geschiedenis zouden

hebben bepaald Maar overschat de mens zijn eigen rol niet drastisch Wat als niet de mens maar de microbe oorlogen won en wereldrijken ineen liet storten In Een geschiedenis van de wereld in acht plagen worden we meegenomen op een reis door 60 000 jaar menselijke geschiedenis Jonathan Kennedy licht acht infectieziekten uit die de moderne wereld mede hebben gevormd Zo speelden bacteriën en virussen onder meer een hoofdrol in de ondergang van de neanderthalers de opkomst van islam en christendom en de overgang van feodalisme naar kapitalisme Nu we opnieuw te maken hebben met een virus dat bepalend is voor ons heden en onze toekomst is Kennedy's visie actueler dan ooit Hij bevraagt de hardnekkigste aannames over ons verleden en transformeert zo onze kijk op het verhaal van de mensheid **De ondergang van de islamitische**

wereld Hamed Abdel-Samad, 2011-06-27 In de westerse wereld geloven vele mensen dat de Islam steeds machtiger aan het worden is en onze beschaving bedreigt Het aantal moslims in Nederland neemt toe en wereldwijd zien we steeds bloediger aanslagen en horen we steeds hysterischer retoriek De werkelijkheid is anders laat Hamed Abdel Samad zien in dit spectaculaire boek We hebben te maken met een islamitische wereld die zich wanhopig verdedigt tegen de machtspolitiek van het Westen en die vanwege de eigen conservatieve uitgangspunten totaal niet tegen ons is opgewassen De islam is niet aan het winnen de islam is bezig met een doodstrijd Hamed Abdel Samad 1972 is de zoon van een Egyptische imam Hij verhuisde op zijn 23ste naar Duitsland en toen hij merkte hoe moeilijk het was om daar te integreren is hij zich gaan afvragen of dat aan hem lag of aan Duitsland Het resultaat is een boek dat zowel een afrekening is met zijn verleden als een visionaire blik op de toekomst van oost en west Zijn boek is in Duitsland een enorme bestseller De pers over Hamed Abdel Samad Hij zal zonder twijfel van ketterij beschuldigd gaan worden en hij zal dat etiket met trots dragen hij wil verhelderen en verzoenen in dit zeer leeswaardige boek **WIENER ZEITUNG**

Education Around the Globe Hasan Deniz, Lisa A. Borgerding, 2018-06-21 This edited book provides a global view on evolution education. It describes the state of evolution education in different countries that are representative of geographical regions around the globe such as Eastern Europe, Western Europe, North Africa, South Africa, North America, South America, Middle East, Far East, South East Asia, Australia, and New Zealand. Studies in evolution education literature can be divided into three main categories: a) understanding the interrelationships among cognitive, affective, epistemological, and religious factors that are related to people's views about evolution; b) designing/implementing/evaluating evolution education curriculum that reflects contemporary evolution understanding; and c) reducing antievolutionary attitudes. This volume systematically summarizes the evolution education literature across these three categories for each country or geographical region. The individual chapters thus include common elements that facilitate a cross-cultural meta-analysis. Written for a primarily academic audience, this book provides a much-needed common background for future evolution education research across the globe.

Progressive & Religious Robert P. Jones, 2008-07-25 In recent years, Americans have become frustrated with the troubled relationship between religion and politics: an exclusive claim on faith and values from the right and a radical divorce of faith from politics on the left. Now a new generation of religious leaders is re-envisioning religion in public life, leading grassroots movements to go beyond partisan politics to work for a more just and inclusive society. *Progressive Religious* tells the dynamic stories of these leaders. Through nearly 100 in-depth interviews with Jewish, Christian, Muslim, and Buddhist leaders, this book explains how they are tapping the deep connections between religion and social justice to work on issues like poverty and workers' rights, the environment, health care, pluralism, and human rights. Interviewees include David Saperstein, Michael Lerner, Jim Wallis, Brian McLaren, Feisal Abdul Rauf, Eboo Patel, Kecia Ali, Lama Surya Das, Robert Thurman, and E.J. Dionne.

Introducing Story-Strategic Methods Robert Strauss, 2017-03-17 The purpose of *Introducing Story-Strategic Methods* is to awaken us in the cross-cultural context. Our natural tendency is to be asleep to our own cultural values and core worldview assumptions. This tendency applies as well to our expectations in the cross-cultural context. For example, in what ways would a justice pattern of culture orient our speech and behavior? To what degree is a justice pattern of culture different from an honor pattern of culture? The book asserts that culture matters in effective communication. Going further, to what degree does a story told from the Bible nullify the power of culture? Often we assume that the biblical story trumps culture. It does not. The book affirms rigorously that culture is much more powerful than we first suppose. If, in fact, culture trumps the biblical story, therefore, understanding and skills are required for effective engagement across cultures. Strategic storytelling is a twelve-step methodology that addresses the problems of miscommunication and syncretism that plague the cross-cultural context. It offers a step-by-step solution that promises success. Insights are firmly rooted in Scripture and equally grounded in empirical research from the social sciences. The stories told throughout the book are true. The answers are compelling.

Malcolm X Manning Marable, 2011-04-04 Constantly rewriting his own story, Malcolm X became

a criminal a minister a leader and eventually an icon assassinated at the age of 39 The details of his life have long since calcified into a familiar narrative his early years as a vagabond in Boston and New York his conversion to Islam and subsequent rise to prominence as a militant advocate for black rights his acrimonious split with the Nation of Islam and ultimately his violent death at their hands Yet this story told and retold to various ends by writers historians and filmmakers captures only a snapshot a fraction of the man in full Manning Marable's new biography is a stunning achievement filled with new information and shocking revelations that will reframe the way we understand his life and work Malcolm X unfolds a sweeping story of the darkest days of racial unrest from the rise of the Ku Klux Klan to the struggles of the civil rights movement examining his engagement with the Nation of Islam and the romantic relationships whose energy alternately drained him and pushed him to unimaginable heights Malcolm X will stand as the definitive work on one of the most iconic figures of the twentieth century a man who constantly strove in the great American tradition to remake himself anew
