No More Distractions Refocus Readjust And Restart:

No More Distractions Gregory D. Johnson, 2015-01-10 In a world where there are so many distractions we often lose focus of our goals and our missions only to realize years later that we have become victims of distractions that have hindered us from moving forward in our dreams missions and goals However there is a place in our lives where we can live a fulfilled focused driven life that is undistracted I charge you through this book to recognize and eliminate any of the distractions that get in your way The distractions that seek to hinder and stifle you from moving forward in your purpose and in your destiny This book will bless your life **Stop Waiting, Start Acting: Momentum Habits That Change Life** Okechukwu Divine Obioma, 2025-09-13 Too often we wait for the perfect moment when conditions are better when we feel more ready when everything aligns But waiting keeps us stuck This book shows you how to build momentum by acting now even in small ways You ll learn how to overcome procrastination release perfectionism and create simple habits that keep you moving forward Each chapter gives practical strategies to help you turn ideas into action decisions into progress and hesitation into momentum Action doesn t have to be massive to matter it just has to begin Over time those consistent steps compound into powerful change By the end of this book you ll see that momentum isn t something you find it s something you create by choosing to start today Stop waiting for life to change With these habits you ll take control and begin shaping the future you want now

No More Distractions 2nd Edition Gregory Johnson, 2019-07-12 In a world where distractions are common we often lose focus of our goals and our missions only to realize years later that we have become victims of distractions These distractions have hindered us from moving forward in our dreams missions and goals However there is a place in our lives where we can live a fulfilled focused driven life that is undistracted I charge you through this book to recognize and eliminate any of the distractions that get in your way The distractions that seek to hinder and stop you from moving forward in your purpose and your life This book will transform your life *Distracted* Terri R. Kurtzberg, Jennifer L. Gibbs, 2017-04-06 What are the benefits and negative consequences of our increased connectivity at school at work and at home Is being constantly distracted now a worldwide problem This book examines how new technologies and social pressures have changed the way we use our attention and the extent to which they drive us to distraction by interpreting hundreds of scientific studies from the literatures in cognitive and social psychology sociology communication management and decision making While distraction is ever present in daily life staying connected in an efficient way is the goal for one and all To accomplish that some amount of fine tuning of typical interactions with technology is in order Nearly everyone recognizes the addictive nature of constant connectivity and its destructive effect on productivity and quality of work But the availability of technology also promotes better engagement control and flexibility in both professional and personal settings An in depth analysis of these tradeoffs can lead to smarter choices about when and how to be connected throughout the day and across settings The ultimate objective is to have technology enhance our lives without serving as a source of constant distraction *Distracted*

Staying Connected without Losing Focus explains the nuances of what this addiction stems from considering both societal and technological factors and identifies both the invaluable opportunities and the counterproductive consequences of living in our technology enabled instant access to everything world The chapters examine a wide swath of scientific research to expose how technology use affects our attention and the extent to which it causes distraction Authors Terri Kurtzberg and Jennifer Gibbs apply the science of human attention to reveal how specific areas of our lives are significantly changed with the advent of continuous connectedness including in the workplace in personal relationships in childhood development and with regard to education and learning Readers will clearly understand why multitasking fails us what the consequences are to ourselves and those around us of being focused on a screen for much of the day and how each of us can adjust our use of technology in order to improve our lives
