No Easy Walk To Freedom:

No Easy Walk to Freedom Nelson Mandela, 1973 This collection of Nelson Mandela's articles, speeches, letters from underground and transcripts from the trials in which he was accused vividly illustrates his magnetic attraction as Africa's foremost campaigner for freedom

Nelson Mandela: No Easy Walk to Freedom Barry Denenberg, 2014-03-06 No Easy Walk to Freedom introduces young readers to one of the most famous freedom fighters in history His story is a symbol of hope across the world and though Nelson Mandela hardly needs an introduction this powerful biography provides readers with an in depth look at the man who grew up in rural South Africa under apartheid rule

"No Easy Walk to Freedom" David Goodhew, 1989

Nelson Mandela: "No Easy Walk to Freedom" Barry Denenberg, 2013-12-27 From his humble beginnings in rural South Africa to his tragic death at age 95 in 2013 Nelson Mandela's life is a tale of inspiration and courage The most up to date biography of Nelson Mandela This powerful biography provides an in depth look at Nelson Mandela who grew up in a rural village in South Africa under racist apartheid rule a regime he ultimately helped overthrow Denenberg explores the history of South Africa and its often violent struggle for civil rights while tracing Mandela's role in that history Lawyer leader of the African National Congress political prisoner who spent 26 years in jail president no one else has had such enormous influence on his fellow South Africans Even beyond South Africa Nelson Mandela influenced freedom fighters everywhere This latest biography traces Mandela's complete life story

Dying for Freedom Jacob Dlamini, 2024-07-09 What happens when death becomes the ultimate marker of one's commitment to one's freedom What happens when the opposite of freedom is not unfreedom but death not slavery but mortality How are we to think of the right to life when a political demand for dignity and honor might be more important than life itself Dying for Freedom explores these questions by drawing on archival evidence from South Africa to show how death and conflicting notions of sacrifice dominated the struggle for political equality in that country This political investment in death as a marker of commitment to the anti apartheid struggle encouraged a masculinist style of politics in which the fight for freedom was seen and understood by many activists as a struggle literally for manhood This investment generated a notion of political sacrifice so absolute that anything less than death was rendered suspect More importantly it resulted in a hierarchy of death whereby some deaths were more important than others and where some deaths could be mourned and others not This highly original account of the necropolitics of the liberation struggle will be of interest to students and scholars throughout the humanities and social sciences and to anyone interested in South Africa
