**Last Lorry to Mbordo** John C. Kennedy, 2006-04-04 Is it possible that a nation's ability to make peace is more important than its ability to make war Will we reach a point in the history of humanity when survival depends on the skills of peace making and not war Is it possible in some far future time we will come to understand that what really mattered in the history of a nation's life was not its ability to make war but its ability to make peace We are just starting on this process of learning how to make peace In war outcomes are seldom predictable and true consequences are known if ever only years afterwards The outcomes of our tentative efforts to make peace seem even less predictable No nation can match the United States in good intentions But results are all too often the opposite of what we intended This novel is about living and working in West Africa It is set in the country of Sakra It is not a sociological tract nor is it fantasy The protagonists are fictional but the situations in which they find themselves are similar to those that might be encountered by volunteer teachers in any one of the new nations of West Africa The story line revolves about three dominant themes that correspond roughly to the early middle and latter chapters of the book The first of these themes is the manner in which outsiders adjust to and develop a sense of their role in a foreign culture Alice a lady of 62 Peace Corps volunteer and retired from the Washington D C public schools is the focus of the first part of the novel She is assigned to teach Mathematics at the University College of Mbordo Her struggle to adjust survive and learn to enjoy living in West Africa is a study in strength and perseverance Other protagonists are introduced at first only as incidental to Alice's often traumatic journey from alienation to a level of mutual human acceptance In the middle chapters the story line shifts away from Alice's problems to the second major theme of interaction not only between foreigners and Sakraians but also among the ethnic groups of the nation of Sakra itself The problems of life in Sakra for Africans stand out in stark contrast to the problems that Alice and other expatriates have in adjusting to life in West Africa Civil strife in Sakra intensifies this contrast Questions of adjustment become a good deal less significant when survival itself is in question The dominant theme of the final chapters is the manner in which events beyond the control of the protagonists lead to personal and public crisis that place them in situations that become tests of character and belief Readers Comments A gripping must read book for anyone contemplating life in a different culture A true eye opener which helps us to examine our own ideas The Last Lorry takes us for a non stop ride through another world Joanne Marti Information Technology Manager Engrossing An engaging adventure and examination of culture history and the complexity of personal motivation as seen through the eyes of a fellow Mathematics teacher A surprising look at where our best intentions can lead us Marjorie M Barreto Mathematics Instructor In Last Lorry to Mbordo John Kennedy takes us to West Africa in a meeting of two cultures and two worlds In an intense and entertaining novel the author portrays the work done by dedicated volunteers who try to bridge the gap between different cultures Full of details this novel shows the best and worst of our people across cultural ethnic and political worlds The reader feels transported to the town of Mbordo in the

West African nation of Sakra Dr Norman Maldonado      **Unthinkable** Richard Cibrano,2013-07 When detective Francis Dimaio supervisor of the Pinkerton detective agency s Philadelphia bureau read the telegram from Allan Pinkerton ordering him to leave immediately for New York he knew he would have to put off the vacation with his wife What he couldn t have known was that he was about to open an investigation into the deaths of more than 1500 people A few days earlier former president Theodore Roosevelt had arrived unexpectedly at Pinkerton s Broadway office In his possession was a letter from his former aide and adviser Major Archibald Butt Butt now the aide de camp for President Taft had been returning to the United States on the Titanic after a round of diplomacy with the King of Italy when he went down with the ship In the letter dated the day of the sailing Butt wrote that a representative of the Italian Prime Minister approached him with knowledge of a stratagem to incite the world to the brink of war Most alarming the plot would involve the sinking of a passenger liner The source of the tip further confided Titanic would be the logical target Determined to uncover the facts behind the portentous warning Roosevelt persuades Pinkerton to take on the case Dimaio a tenacious investigator whose resume includes tracking Butch Cassidy and the Sundance kid accepts the assignment and quickly uncovers an elaborate insurance fraud involving Titanic and her sister ship Olympic Working every angle Dimaio discovers the fraud was double edged and as evidence begins to emerge that the plot is still in play he and Pinkerton find themselves in a race against time with an ambitious financier a ruthless agent from British Intelligence and the cabal of powerful men working behind the scenes hell bent on seeing to completion their diabolical plans      **Lost Women of Rabaul** Rod Miller,2022-07-06 The inspirational true story behind the hit ABC TV drama Sisters of War Travel with a group of captured Australian nurses into the dark heart of the ascendant Japanese Empire at the start of the Pacific War Quiver with the nurses abandoned by their own government as they raise their hands in surrender to Japanese troops swathed in jungle camouflage Witness the intrigues of international diplomacy and the fog of war as loyalties are tested confidences betrayed and acts of defiance made at great personal risk Retreat into the private world of the women s diaries where poetry memory and hope could still be kept alive Cower before the might of the US War Machine that incinerated Tokyo with firestorms hunger and the ever present threat of Japanese die hards still holding complete power over the women Thrill to the joy of liberation and the amazing priority given to the Lost Women as they became the very first liberated prisoners to be airlifted to Australia But why Australian nurses captured and at the mercy of the rampaging Japanese Empire how did they survive and what were the international secrets that determined their fate      Arndt's Story Peter Coleman,Selwyn Cornish,Peter Joseph Drake,2007-03-01 This was a man of inexhaustible energy and optimism who returned from months behind barbed wire in Canada and went on to write The Economic Lessons of the Nineteen Thirties He took up a job in Sydney and quickly established himself as a leading authority on the Australian banking system      **A Place in the Country** Sarah Gainham,2013-08-15 In the aftermath of the Second World War Vienna is a crucible of fear and superstition tense with the beginnings of the Cold War and rife with double agents

Altomare,2013-02-21 This book is a non fiction painfully true account of an American whistle blower whose silencing was attempted by conflicted and vengeful bureaucrats This work presents oversights within the regulatory Securities and Exchange Commission SEC The U S Justice Department and The Bureau of Prisons penal systems BOP as an innocent former US Marine and 60 year old grandfather is actually placed in high security solitary confinement for trying to warn the country of the impending financial crisis now current admitted acknowledged and publicized and how it could have been prevented He committed no crime was never afforded the due process of law or a proper trial was neither indicted nor convicted of anything but was incarcerated in solitary confinement for 83 days in an attempt to silence him while the SEC dismantled his successful public company which was the holder of a 700 000 000 00 judgment then being litigated against the SEC This entertaining and informative book presents the issues actions and utter contempt that many governmental employees exhibit towards all citizens who rely upon them for professional and responsible representation and treatment It skillfully exposes the reader to an annual 60 Billion dollar prison budgeted sink hole in dire need of investigation and improvement From the Author s Woody Allen type humor in relaying the horrific reality of our prison systems and governmental agencies the reader will not be able to stop turning the pages to meet the segments of society and their abhorrent illegal and unconstitutional actions that this work exposes **Our Canary Islands Adventure** Warren Scholar,2016-02-08 Where to go We canvassed the world with an open mind No place was too distant no people too strange so long as certain conditions could be met First we decided to eliminate climate as a living complication Year round warmth would mean no coats or woollens or door closing problems low rainfall would mean no rainwear Second living costs would have to be a third or half of what they d been at home Third we should be within twenty four hours of first class medical care

Fourth we should at least have access to some well educated and well traveled people Fifth we d like to be able to swim every day in the year Sixth we should learn a permanently useful foreign language Seventh and most important the tempo of life should be easygoing What would be perfect we decided was a beach side cottage on the outskirts of a peaceful subtropical but arid village Did such a Utopia exist To make a selection we collected three years worth of National Geographic and Holiday magazines Finally we found our paradise The Canary Islands **Wake** Sam Powers,2023-02-04
