No Saints around Here Susan Allen Toth, 2014-04-01 When we promise in sickness and in health it may be a mercy that we don't know exactly what lies ahead Forcing food on an increasingly recalcitrant spouse Brushing his teeth Watching someone you love more than ever slip away day by day As her husband James's Parkinson's disease with eventual dementia began to progress writer Susan Allen Toth decides she intensely wants to keep her husband at home the home he designed and loved and lived in for a quarter century until the end No saint as she often reminds the reader Toth found solace in documenting her days as a caregiver The result written in brief episodic bursts during the final eighteen months of James's life has a rare and poignant immediacy Wrenching occasionally peevish at times darkly funny and always deeply felt Toth's intimate unsparing account reflects the realities of seeing a loved one out of life the critical support of some friends and the disappearance of others the elasticity of time infinitely slow and yet in such short supply the sheer physicality of James's decline and the author's own loneliness the practical challenges the right food the right wheelchair the right hospital bed all intricately interlocking parts of the act of loving and caring for someone who in so many ways is fading away We all need someone to hear us Toth says of the millions who devote their days to the care of a loved one Her memoir is at once an eloquent expression of that need and an opening for others No Saints around Here is the beginning of a conversation in which so many of us may someday find our voices

Divorce Bye Dementia Diane Peeling,2017-02-10 Age no longer mattered as I watched and waited while my husband disappeared into the desert of dementia I had to keep living while this happened and the realities set in Do you think you know your family and friends This is when you really find out There are legalities to be considered and what you thought was within your vows suddenly become non existent Blended families are an added burden to the legalities If I looked at people as separate persons before I really do now Do we know how much of the responsibility for ourselves is unconsciously handed over to our marital partner We find out when someone we love falls into the abyss of dementia and we have no way of helping Dementia does not mean you die a slow death with them It means gritting your teeth and moving forward in whichever direction is healthiest for you This is about the gauntlet that no one is prepared to run Your spouse may not know you anymore but you certainly find out who you are Caregiving has
