No Surrender My Thirty Year War Translated By Charles S Terry:

No Surrender Hiroo Onoda, 2013-12-04 In the spring of 1974 Second Lieutenant Hiroo Onoda of the Japanese army made world headlines when he emerged from the Philippine jungle after a thirty year ordeal Hunted in turn by American troops the Philippine police hostile islanders and successive Japanese search parties Onoda had skillfully outmaneuvered all his pursuers convinced that World War II was still being fought and that one day his fellow soldiers would return victorious This account of those years is an epic tale of the will to survive that offers a rare glimpse of man's invincible spirit resourcefulness and ingenuity A hero to his people Onoda wrote down his experiences soon after his return to civilization

This book was translated into English the following year and has enjoyed an approving audience ever since [A Reckoning](#)

Sharon W. Chamberlain, 2019-03-05 After World War II thousands of Japanese throughout Asia were put on trial for war crimes Examination of postwar trials is now a thriving area of research but Sharon W Chamberlain is the first to offer an authoritative assessment of the legal proceedings convened in the Philippines These were trials conducted by Asians not Western powers and centered on the abuses suffered by local inhabitants rather than by prisoners of war Her impressively researched work reveals the challenges faced by the Philippines as a newly independent nation in navigating issues of justice amid domestic and international pressures Chamberlain highlights the differing views of Filipinos and Japanese about the trials The Philippine government aimed to show its commitment to impartial proceedings with just outcomes In Japan it appeared that defendants were selected arbitrarily judges and prosecutors were biased and lower ranking soldiers were punished for crimes ordered by their superior officers She analyzes the broader implications of this divergence as bilateral relations between the two nations evolved and contends that these competing narratives were reimagined in a way that paradoxically aided a path toward postwar reconciliation **Japanese Army Stragglers and Memories of the War in**

Japan, 1950-75 Beatrice Trefalt, 2013-01-11 This book charts comprehensively the various discoveries in Southeast Asia and the Pacific of Japanese soldiers still fighting the Second World War many years after it had ended It explores their return to Japan and their impact on the Japanese people revealing changing attitudes to war veterans and war casualties families as well as the ambivalence of memories of the war *The Shadow Warriors of Nakano* Stephen C. Mercado, 2002 In the history

of the twentieth century the role of the military intelligence services in the competition among nations is still murky Among the world's foremost intelligence services those of Imperial Japan remain the least known Few stories are as compelling as those surrounding the Japanese Army's Nakano School From 1938 to 1945 the Nakano School trained more than 2 000 men in intelligence gathering propaganda and irregular warfare Working in the shadows these dedicated warriors executed a range of missions from gathering intelligence in Latin America to leading commando raids against American lines in Papua New Guinea in the Philippines and on Okinawa They played major roles in operations to subvert British rule in India and they organized Japanese civilians into guerrilla units that would have made the invasion of Japan a bloodbath One graduate used

his Nakano commando training to elude U S and Philippine military patrols until emerging from the jungle nearly thirty years after the war s end In the decades after World War II graduates of the school worked to obtain from the United States and Russia the release of imprisoned war criminals and the recovery of lost territory including Okinawa Based on archival research and the memoirs of Japanese veterans *The Shadow Warriors of Nakano* shines a much needed light into the shadows of World War II and postwar Japanese affairs *The Oxford Book of Military Anecdotes* Max Hastings,1985 This collection of anecdotes is principally concerned with American and British conflicts Hastings has sought stories that illustrate the military condition through the ages both on the battlefield and in the barracks **Endurance** Levison Wood,2022-08-18 100 of the most astonishing stories of human survival adventure and exploration chosen by Levison Wood We are always captivated by tales of courage and bravery of world firsts and death defying experiences In this anthology explorer and bestselling author Levison Wood has gathered 100 of the most fascinating accounts of human endurance throughout history From the heroism of Antarctic explorers to pioneering women in the Middle East from record breaking athletes to survivors of war and torture this wide ranging collection embraces both classics of the genre as well as new and neglected voices The extracts are organised around a range of themes you will find those who sought out new frontiers or who purposely tested their physical limits in full knowledge of the dangers or risks they might face but also those who endured persecution and suffering or were thrust into life or death situations yet defied the odds to survive *Endurance* is packed full of you couldn t make it up true stories and adventure fiction classics from the high seas to the poles from inhospitable jungles and deserts to the unknown realms of space through physical and mental despair to euphoric highs Yet all of these extraordinary stories celebrate the enduring nature of the human spirit and show the mental and physical determination it sometimes takes to achieve one s aims This varied and compelling collection will take you on an adventure around the world but also on an emotional journey exploring what it means to be human Includes extracts about and by Ernest Shackleton Robert Falcon Scott Sir Edmund Hillary Tenzing Norgay Amelia Earhart Marie Colvin John Krakauer Solomon Northrup Ella Maillart Freya Stark Ed Stafford Aleksandr Solzhenitsyn Aron Lee Ralston Mar a Elena Moyano Gertrude Bell Isabelle Eberhart Nellie Bly Alex Honnold Nelson Mandela David Nott Jules Verne Neil Armstrong and Scott Kelly **Toshiko Akiyoshi-Lew Tabackin Big Band's Kogun** E. Taylor Atkins,2024-10-17 A study of the 1974 album *Kogun* by the Toshiko Akiyoshi Lew Tabackin Big Band this book assesses not just its importance in jazz history but also its part in public remembrance of World War II in Japan In 1974 a Japanese soldier emerged from the Philippine jungle where he had hidden for three decades unconvinced that World War II had ended Later that year the Toshiko Akiyoshi Lew Tabackin Big Band released its first album *Kogun* solitary soldier the title track of which adopted music from medieval Japanese no theater for the first time in a jazz context as aural commemoration of his experience At a time when big band jazz was mostly a vehicle for nostalgia and no longer regarded as a vital art the album was heralded as a revelation *Kogun* elevated Akiyoshi s reputation as a brilliant composer

arranger and earned Tabackin acclaim as a compelling versatile improviser on tenor saxophone and flute

Capture Japan Marco Bohr, 2022-12-01 Capture Japan investigates the formation of visual tropes and how these have contributed to perceptions of Japan in the global imagination The book proposes that images are not incidental in the formation of such perceptions but central to notions about identity history and memory From a tentative western ally in 1952 to a soft power superpower with a huge global influence in the 21st century the book locates questions about Japan in the global imagination to the country's transforming geopolitical position By adopting an interdisciplinary approach with a multiplicity of perspectives from around the world Capture Japan goes beyond binarisms to uncover how images can also produce discourses that challenge subvert or even contradict each other The word capture in the title of the book recognises both the deeply problematic role that images have played in relation to colonialism as well as the potential dominance that visual spectacles can wield in a contemporary context Diverse essays from a wide range of perspectives investigate the institutional framework that has allowed certain types of images of Japan to be promoted while others have been suppressed In doing so the book points to a vast network of images that have shaped the perception of Japan both from within and from outside revealing how these images are inextricably linked to wider ideological political cultural or economic agendas

Images Of Japanese Society Hb Ross Mauer, Yoshio Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mauer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence

Japanese Spy Gear & Special Weapons Stephen C. Mercado, 2025-10-30 Uncover Japan's secret Noborito Research Institute detailing its wartime spy gear weapons and postwar influence The technicians of the 9th Military Technical Research Institute known as the Noborito Research Institute toiled in the shadows of the Second World War to develop spy gear and special weapons for the Imperial Japanese Army IJA Their espionage devices including secret inks bugging devices and miniature cameras helped the Army's dreaded Kempeitai and the shadowy Yama Agency counter

foreign spies and track domestic dissent Operatives of the IJA's Nakano School for intelligence operatives and commandos took the equipment into the field with them Noborito's forgers reproduced Chinese currency in an operation to wreck China's economy Scientists and technicians tested biological weapons on Chinese prisoners as part of a top secret project fielded by the IJA's infamous Unit 731 and developed a virus into a weapon to strike at America's cattle herds Others developed bombing balloons to attack the American heartland a target that lay far beyond Japan's reach by conventional means Stephen Mercado provides in this first book in English on an intelligence organization little known outside Japan an absorbing account of Noborito's activities The author further recounts how in the shadows of Occupied Japan Noborito veterans entered US military service in secret then applied their skills to operations during the Korean War and for years afterwards in the Cold War Other veterans applied their skills to rebuilding Japan and turning the vanquished empire into a postwar industrial power This story is one of talented technicians who served their country in war and peace
