**The Works of President Edwards** Jonathan Edwards, 1879 **International Cooperation Against All Odds** Mai'a K. Davis Cross, 2024 International Cooperation Against All Odds The Ultrasocial World recasts how we understand international relations through an examination of how the human evolutionary predisposition to be ultrasocial as a species impacts which political ideas succeed transform manipulate and inspire on a global scale At a time when pessimism about our current world order is at an all time high this book overturns widespread assumptions that international relations is mainly about conflict power and national self interest In the last 10 20 years scientists have discovered that as a species we are biologically hard wired soft wired and pre wired to be other regarding and cooperative Humans are an ultrasocial species and yet this predisposition is completely ignored in governments across the world Political leaders experts and the media have cultivated a myopic vision of global conflict feeding an obsession on crises of the moment rather than recognizing frequent and significant breakthroughs in peaceful cooperation and overall trends in the decline of violence This book shows how time and time again our ultrasocial predisposition has pushed us towards big ideas that inspire and bring us together around the power of possibility Featuring original research on international cooperation in outer space exploration European Union integration nuclear weapons and climate change among other examples Mai a K Davis Cross shows ultrasociality at work in a range of contexts Tracing the path from social neuroscience and evolutionary biology among others to the power of ideas to

international agreements International Cooperation Against All Odds opens up an entirely new understanding of world politics If we recognize our nature as a species and the potential we have to work together we can start to transform institutions and devise policies that take advantage of this The book ends with a roadmap to promote more international cooperation and eventually a more stable peaceful world order *The Journey of Liu Xiaobo* Democratic China,2020-04-01 As a fearless poet and prolific essayist and critic Liu Xiaobo became one of the most important dissident thinkers in the People s Republic of China His nonviolent activism steered the nation s prodemocracy currents from Tiananmen Square to support for Tibet and beyond Liu undertook perhaps his bravest act when he helped draft and gather support for Charter 08 a democratic vision for China that included free elections and the end of the Communist Party s monopoly on power While imprisoned for inciting subversion of state power Liu won the 2010 Nobel Peace Prize He was granted medical parole just weeks before dying of cancer in 2017 The Journey of Liu Xiaobo draws together essays and reflections on the Nelson Mandela of China The Dalai Lama artist and activist Ai Weiwei and a distinguished list of leading Chinese writers and intellectuals including Zhang Zuhua the main drafter of Charter 08 and Liu Xia the wife of Liu Xiaobo and noted China scholars journalists and political leaders from around the globe including Yu Ying shih Perry Link Andrew J Nathan Marco Rubio and Chris Smith illuminate Liu s journey from his youth and student years through his indispensable activism and to his defiant last days Many of the pieces were written immediately after Liu s death adding to the emotions stirred by his loss Original and powerful The Journey of Liu Xiaobo combines memory with insightful analysis to evaluate Liu s impact on his era nation and the cause of human freedom Congressional Record United States. Congress,2010 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Invisible Source of Authority** David Walsh,2025-07-15 The Invisible Source of Authority is a philosophical meditation on the secular age and challenges the notion that the secular can be understood without reference to God How does one reject God while denying belief This is the central paradox of our secular age where efforts to erase God only affirm his presence In The Invisible Source of Authority David Walsh examines this paradox and argues that a secular world actually reveals God more clearly rather than bringing about what has been called the death of God Unlike many critics of modernity Walsh argues that secularism is not inhospitable to authentic religious faith and cannot be understood without reference to God Drawing on the writings of early modern thinkers like Montaigne Descartes and Grotius Walsh asserts that God s absence from the secular world is testimony to God s transcendence Because the secular is always that which has withdrawn from serving God Walsh suggests that this presupposition proves that God remains indispensable to the self understanding of secular society The Invisible Source of Authority seeks to remind us that despite

his seeming absence the transcendent God remains an essential presence      Dog Days Ivan Franceschini, Nicholas Loubere, 2019-04-05 According to the Chinese zodiac 2018 was the year of the earthly dog In the middle of the long hot and feverish dog days of the summer of 2018 some workers at Shenzhen Jasic Technology took their chances and attempted to form an independent union While this action was met by the harshest repression it also led to extraordinary demonstrations of solidarity from small groups of radical students from all over the country which in turn were immediately and severely suppressed China's year of the dog was also imbued with the spirit of another canine Cerberus the three headed hound of Hades with the ravenous advance of the surveillance state and the increasing securitisation of Chinese society starting from the northwestern region of Xinjiang This Yearbook traces these latest developments in Chinese society through a collection of 50 original essays on labour civil society and human rights in China and beyond penned by leading scholars and practitioners from around the world      **Yearbook of Chinese Theology 2017** Paulos Z. Huang, 2017-09-11 The Yearbook of Chinese Theology is an international ecumenical and fully peer reviewed annual that covers Chinese Christianity in the areas of Biblical Studies Church History Systematic Theology Practical Theology and Comparative Religions It offers genuine Chinese theological research previously unavailable in English by top scholars in the study of Christianity in China The 2017 volume highlights the five sub disciplines of theology with contributions from Juhong Ai Jianming Chen Tao Xiao Xiaojuan Cheng Xiangping Li Gong Liang Jianbo Huang Paulos Huang Meixiu Wang Philip L Wickeri Kevin Xiyi Yao Jie Zhao Weichi Zhou
