No Logo No Space No Choice No Jobs:

No Logo Naomi Klein, 2001 This study examines the power of the logo noting its increasing capacity for making the product subservient It then reaches its core argument the now uneasy struggle between corporate power and anti corporate activism via sweatshop labour submerged identity and subversive action **No Logo** Naomi Klein, 2010 By the time you're twenty one you'll have seen or heard a million advertisements But you won't be happier for it No Logo was a book that defined a generation when it was first published in 1999 For its 10th anniversary Naomi Klein has updated this iconic book

No Logo Naomi Klein, 2000-12-08 With a new Afterword to the 2002 edition No Logo employs journalistic savvy and personal testament to detail the insidious practices and far reaching effects of corporate marketing and the powerful potential of a growing activist sect that will surely alter the course of the 21st century First published before the World Trade Organization protests in Seattle this is an infuriating inspiring and altogether pioneering work of cultural criticism that investigates money marketing and the anti corporate movement As global corporations compete for the hearts and wallets of consumers who not only buy their products but willingly advertise them from head to toe witness today's schoolbooks superstores sporting arenas and brand name synergy a new generation has begun to battle consumerism with its own best weapons In this provocative well written study a front line report on that battle we learn how the Nike swoosh has changed from an athletic status symbol to a metaphor for sweatshop labor how teenaged McDonald's workers are risking their jobs to join the Teamsters and how culture jammers utilize spray paint computer hacking acumen and anti propagandist wordplay to undercut the slogans and meanings of billboard ads as in Joe Camel for Joe Camel No Logo will challenge and enlighten students of sociology economics popular culture international affairs and marketing This book is not another account of the power of the select group of corporate Goliaths that have gathered to form our de facto global government Rather it is an attempt to analyze and document the forces opposing corporate rule and to lay out the particular set of cultural and economic conditions that made the emergence of that opposition inevitable Naomi Klein from her Introduction **No logo** Naomi Klein, 2011-09-02 C'mo pas Bill Gates de trabajar en un garaje a convertirse en un magnate mundial Por qu el nombre de Nike suele identificarse con el trabajo clandestino y la explotaci n laboral Por qu algunas de las marcas m s respetadas del mundo se est n viendo acosadas por virulentas campa as en su contra Qu significa todo esto en el contexto del marketing actual y de la globalizaci n Y qu nos dice sobre el futuro de nuestras comunidades y del mundo en que vivimos Este libro es a partes iguales fruto de la investigaci n period stica y de la observaci n de nuestro entorno comercial Su misi n en principio es explicar la irritaci n que amplios sectores de la sociedad est n empezando a sentir contra las grandes marcas as como demostrar que las multinacionales han militarizado a sus oponentes Pero de paso nos invita a un periplo fascinante desde las m s lujosas tiendas de ropa de las grandes ciudades a ciertos talleres de Indonesia en los que el trabajo se convierte en degradaci n desde los grandes centros comerciales estadounidenses hasta los cuarteles de los activistas que atentan contra

las vallas publicitarias o de los piratas informáticos que han declarado la guerra a las multinacionales que violan los derechos humanos en Asia A través de un enfoque lúcido y honesto Naomi Klein desenmascara a la llamada nueva economía y desvela el modo en que ha incumplido todas sus promesas Y para ello no sólo utiliza anecdotas siempre provocativas y a menudo hilarantes sino que también nos descubre minuciosamente las razones de ese nuevo activismo contra las grandes empresas un movimiento a escala mundial que ya se está convirtiendo en una verdadera fuerza sociopolítica con la que habrá que empezar a contar
