Impact Evaluation in Practice, Second Edition Paul J. Gertler, Sebastian Martinez, Patrick Premand, Laura B. Rawlings, Christel M. J. Vermeersch, 2016-09-12 The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners First published in 2011 it has been used widely across the development and academic communities The book incorporates real world examples to present practical guidelines for designing and implementing impact evaluations Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence based policies and programs The updated version covers the newest techniques for evaluating programs and includes state of the art implementation advice as well as an expanded set of examples and case studies that draw on recent development challenges It also includes new material on research ethics and partnerships to conduct impact evaluation The handbook is divided into four sections Part One discusses what to evaluate and why Part Two presents the main impact evaluation methods Part Three addresses how to manage impact evaluations Part Four reviews impact evaluation sampling and data collection Case studies illustrate different

applications of impact evaluations The book links to complementary instructional material available online including an applied case as well as questions and answers The updated second edition will be a valuable resource for the international development community universities and policy makers looking to build better evidence around what works in development

Management of International Institutions and NGOs Eduardo Missoni,Daniele Alesani,2023-08-31 This second edition of Management of International Institutions and NGOs covers all key topics in global governance from a unique management perspective It analyzes the management challenges associated with international cooperation rather than the more commonly explored political or economic lenses This text is structured to enable students to connect theory with practice beginning with the main management frameworks developed in the context of corporate and national public nonprofit organizations and adapting them to the specificity of international institutions and international non governmental organizations This leads to the identification of a tailored approach to international organization management based on their institutional and operational settings stakeholder groups core business staff profiles and financial arrangements The authors then connect this theory with practice by linking frameworks to several case studies and best practices of organizations currently experimenting with management systems and tools with case studies including the World Bank and the Gates Foundation This edition has been extensively revised and updated with an expanded conceptual framework inclusive of systemic theories of organization new cases throughout and new chapters on leadership supply chain and operations and human centered digitization This comprehensive textbook is a must own resource for students and academics involved with studying and working with international organizations

Exploring the Interaction between Health-promoting and Health Risk Behaviors in Health, volume II Huixuan Zhou,Feng Jiang,Yi-lang Tang,2025-09-15 Health related behaviors play positive or negative roles in people s health For instance health risk behaviors such as sedentary behaviors e g binge watching TV and playing computer games the use of alcohol tobacco or other substances and lack of sleep have been found to negatively affect the physical and mental health of people On the other hand some studies show that health promoting behaviors such as physical activity and healthy dietary habits can mitigate or reverse the negative effects of health risk behaviors on health outcomes In the meantime some studies indicate that the harmful effects of some health risk behaviors may not be mitigated by health promoting behaviors For instance some studies show that sedentary behaviors and physical activity are independently associated with some physical and mental health outcomes interventions to increase physical activity with and without decreasing sedentary time lead to different health outcomes Clearly more research is needed to show the interaction between health promoting behaviors and health risk behaviors in health which could shed light on the management of health related behaviors

Textbook of Diabetes Richard I. G. Holt,Clive Cockram,Allan Flyvbjerg,Barry J. Goldstein,2011-07-26 Over three editions the Textbook of Diabetes has built a reputation as a book that is extremely well organized and easy to navigate with exceptional illustrations and an excellent blend of clinical and scientific content

Previously edited by John Pickup and Gareth Williams this fourth edition has four brand new editors from across the globe. The editors have assembled an outstanding set of international contributors who provide insight on new developments in diabetes care and information on the latest treatment modalities used around the world. The new Textbook of Diabetes has been restructured into 12 parts in one accessible volume and is designed with the busy diabetes care team in mind. As well as retaining the elements that have made it such a popular brand such as the outstanding full colour illustrations and text design, the new edition sees even greater emphasis on the clinical aspects of diabetes with new chapters on managing patients with diabetes, the treatment of diabetes and the delivery and organization of diabetes care including Non insulin parenteral therapies, New technologies for insulin administration and glucose monitoring, The role of the multidisciplinary team. There is also a companion website accompanying the book containing essential bonus material such as Over 150 interactive MCQs to help you improve and test your clinical knowledge. All 500 figures from the book in a downloadable format to use in slides and presentations. Chapter pdfs and chapter references with full links to PubMed. If you want a modern well illustrated international guide to diabetes this is the ideal reference book for you.
