For example, a few of the questions in this book include: Which state has more cattle than people? Name one of two states that became states on the same day. Where is the nation's largest indoor water-themed park? Geography games are rare and games that aren't on pictures on flashcards are even rarer. That's why a nifty fifty interactive book is such a great investment. There's a treasure trove of facts and information in the book all laid out in a perfect game format so you can quiz friends and family when you're bored on a long trip or just to see how much they know. **What Would You Be?**

Wyatt Michaels, 2012-11-27 What would you be? An author, astronaut, farmer, or fireman? Do you know what you would be if you delivered products to stores? What about if you made special dishes in a restaurant? Or what would you be if you moved dirt to help make roads and buildings? There are so many jobs in this world. From architects to truck drivers or from chefs to store clerks, each job does its part in helping the world be a better place. But for various reasons, the younger generation is not aware of many of them. If your child doesn't know about many of the careers in the world, this picture book is the perfect educational tool for them. Pictures are provided that relate to the question but aren't necessarily hints, engaging the child to answer the questions. And since each question is multiple choice, even the wrong answers are a chance for education as each one is explained. Better than a career day through a fun and interactive learning experience, your child will be introduced to more than 22 fascinating careers. The next words you may hear are: When I grow up, I want to be. Nifty Fifty State Facts for Fun! Book 2 Wyatt Michaels, 2013-04-20
