All Data Are Local Yanni Loukissas,2019-04-30 How to analyze data settings rather than data sets acknowledging the meaning making power of the local In our data driven society it is too easy to assume the transparency of data Instead Yanni Loukissas argues in All Data Are Local we should approach data sets with an awareness that data are created by humans and their dutiful machines at a time in a place with the instruments at hand for audiences that are conditioned to receive them The term data set implies something discrete complete and portable but it is none of those things Examining a series of data sources important for understanding the state of public life in the United States Harvard's Arnold Arboretum the Digital Public Library of America UCLA's Television News Archive and the real estate marketplace Zillow Loukissas shows us how to analyze data settings rather than data sets Loukissas sets out six principles all data are local data have complex attachments to place data are collected from heterogeneous sources data and algorithms are inextricably entangled interfaces recontextualize data and data are indexes to local knowledge He then provides a set of practical guidelines to follow To make his argument Loukissas employs a combination of qualitative research on data cultures and exploratory data visualizations Rebutting the myth of digital universalism Loukissas reminds us of the meaning making power of the local *Elie Wiesel* Alan L. Berger,2021-05-26 Elie Wiesel Humanist Messenger for Peace is part biography and part moral history of the intellectual and spiritual journey of Elie Wiesel a Holocaust survivor human rights activist author university professor and Nobel Peace Prize winner In this concise text Alan L Berger portrays Wiesel's transformation from a pre Holocaust deeply God fearing youth to a survivor of the Shoah who was left with questions for both God and man An advisor to American presidents of both political parties his nearly 60 books voiced an activism on behalf of oppressed people everywhere The book illuminates Wiesel's contributions in the areas of religion human rights literature and Jewish thought to show the impact that he has had on American life Supported by primary documents about and from Wiesel the volume gives students a gateway to explore Wiesel's incredible life This book will make a great addition to courses on American religious or intellectual thought *Elie Wiesel* Elie Wiesel,2002 Elie Wiesel has given hundreds of interviews Yet his fame as a human

rights advocate often directs such conversations toward non literary issues Indeed many of Wiesel s questioners barely address the writer s role that has defined him since the 1950s Unlike previous volumes in which he speaks with interviewers Elie Wiesel Conversations collects interviews which set in relief the writer at work This book focuses on Wiesel the literary artist instead of Wiesel the Holocaust survivor or the 1986 Nobel Peace Prize laureate Beyond highlighting Wiesel s literary significance these interviews also correct many faulty assumptions about his achievement Few American readers know that he writes in French that he has been favorably compared to Andr Malraux and Albert Camus Not many realize that the Holocaust has been the subject of only a few of his forty books Particularly in his nonfiction Wiesel s scope is wide addressing Jewish life in all its religious and historical complexity Though most of Wiesel s books do not focus on the Holocaust they are written against the backdrop of what he has come to term The Event Always the presence of Auschwitz can be felt always the author lives in the shadows of the flames that once illuminated and blinded him These interviews are reminders that the writing life is both solitary and public interior and social The writer must venture beyond his study and speak out against the world s traumas and outrages Robert Franciosi is an associate professor of English at Grand Valley State University in Allendale Mich He is the editor of Good Morning A Holocaust Memoir His work has appeared in American Poetry
