Nicholas A New Hampshire Tale Nicholas Northeastern Series:

Nicholas: a New Hampshire Tale Peter Arenstam, 2009 Nicholas the mouse's search for an important family journal takes him across the diverse state of New Hampshire where exciting adventures and new animal friends await **Holocene Human Ecology in Northeastern North America** George P. Nicholas, 2013-06-29 Students of human behavior have always been interested in the relationship between human populations and their environment. Decades of research not only have illuminated the backdrop against which culture is viewed but have identified many of the conditions that influence or promote technological development, social transformation, and economic reorganization. It has become increasingly evident, however, that if we are to explore more forcefully the linkages between culture and environment, a processual orientation is required. This is found in human ecology, the study of the relationship between people and the ecosystem of which they are a part. This book is a collection of papers about the recent and distant past by scientists and humanists involved in the study of human ecology in northeastern North America. The authors critically examine the systemic interface between people and their environment, first by identifying the indicators of that relationship, e.g., historical documentation, archaeological site patterning, faunal remains, then by defining the processes by which change in one part of the ecosystem affects other parts, e.g., by considering how an ecotonal gradient affects biotic communities over time, and finally by explicating the behavioral implications thereof. **Nick's Trip** George Pelecanos, 2013-11-21 A stylish and gripping crime novel from one of the acclaimed writers of *THE WIRE*. Part-time PI Nick Stefanos doesn't tail wives anymore. But when a childhood friend steps into Nick's bar after 15 years and asks for help locating his wife April, he feels obliged to do some digging. After a visit to the small-time crime boss with whom April was supposedly having an affair, Nick realizes there is far more to this story than a missing wife. There is missing money. Lots of it. And some very powerful enemies. *The Bedrock Geology of Massachusetts*, 1991

The Indian Heritage of New Hampshire and Northern New England Thaddeus Piotrowski, 2015-07-11 Years before Jamestown was settled, European adventurers and explorers landed on the shores of Maine, New Hampshire, and Massachusetts in search of fame, fortune, and souls to convert to Christianity. Unbeknownst to them, all the New World they had found was actually a very old one, as the history of the native people spanned 10,000 years or more. This work is a compilation of old and new essays written by present-day archaeologists, explorers, and missionaries who were in direct contact with the Indians, and by scholars over the last three centuries. The essays are in three sections: Prehistory, which concentrates on the Paleo-Indian, Archaic, and Woodland phases of the native heritage; the Contact Era, which deals with the explorers and their experiences in the New World; and Collections, Sites, Trails, and Names, which focuses on various dedications to the native population and significant names such as the Massabesic Trail and the Cohas Brook site. **The Shock of Colonialism in New England** Meghan C. L. Howey, 2025 In *The Shock of Colonialism in New England*, archaeologist Meghan C. L. Howey uses excavations in the magnificent seventeenth-century frontier colony of the Great Bay

Estuary P8bagok in today s New Hampshire to trace the direct line of European global colonialism to the present crises
Howey shows how this site outside of the hub of the Puritan Massachusetts Bay Colony in Boston holds overlooked stories of
what it meant to live through the shock of colonialism These stories include an unexpected diversity and dynamism among
English colonists nuanced multifaceted encounters with Indigenous peoples whose ancestors had thrived here for millennia
and lasting degrading environmental legacies of labor intensive industries **Draft Environmental Impact Statement on
the Special Area Management Plan for the Hackensack Meadowlands District, NJ** United States. Environmental
Protection Agency. Region II.,1995 **North American Sugar Maple Decline Project** ,1991 Grants and Awards for
the Fiscal Year Ended ... National Science Foundation (U.S.),1971 **New England Wildlife** Richard M. DeGraaf,Mariko
Yamasaki,2001 The only comprehensive guide to the natural histories and habitats of all inland New England species
