Night Terrors II An Anthology Of Horror:

Night Terrors II Theresa Dillon, 2012 Just when you thought it was safe to crawl back into bed we've got a new set of terrors If Night Terrors made you pray for dawn Volume II will send you into total madness Step inside the secret chambers of the Vatican and experience the dark side of the papal elections Meet people only a mother could love listen to the dead speak and even more disturbing hear them cry Discover the darkness that lives inside the hearts of man and hide from other worldly tormentors and if you manage to wake up after these night terrors you'll wake up dead In conclusion various good new authors to watch and an interesting imprint to which we'd better keep an eye on in the future British Fantasy Society Overall one particular strength of Night Terrors II is that the writers all understand the importance of atmosphere creating a sense of dread through character setting and language rather than leaning on gore There are some shocking jolts and graphic violence the authors don't shy away from it but they are just that punctuations within an already well crafted motif of terror The Horror Review
