Nightly Wisdom Nightly Wisdom:

Nightly Wisdom Josh Bartok, Gustavo Szpilman Cutz, 2007-11-28 Human beings the world over have always found the nighttime and its attendant activities of sleeping dreaming and waking up mysterious mystical and rich with meaning and metaphor The name Buddha means the one who has awakened and enlightenment itself is often portrayed literarily as the luminous full moon lighting our way through the blinding black of night Nightly Wisdom goes deep into the wealth of Buddhist inspirations on these powerful topics offering encouragement and clear teaching on lucid dreaming and Tibetan dream yoga the art of extending one's meditation practice into the boundaryless world of dreamtime gentle guidance on relaxing into restful sleep and awakening from the suffering dream of separateness as well as poetry and prose whose sources span time and space from ancient Japan and the Buddha himself to some of the brightest lights of Buddhism today A book unlike any other Nightly Wisdom is designed to be placed on the bedside table and read last thing in the evening so that one's sleep may be infused with a virtue that can be renewed in the morning and carried on throughout the day Nightly Wisdom represents perhaps the first effort to bring all of these Buddhist inspirations together in one welcoming volume and is an ideal guide for anyone who has ever dreamed of waking up to the entirety of life or wondered how best to suffuse this wisdom into that third of our lives we all spend in bed

Sickness of the Night John Paul Ligouri, 2019-06-27 You know that mysterious stranger at the bar The one you can't help but keep sneaking looks at for reasons you can't really explain For how mysterious they seem you know that they can't possibly be that interesting Every once in a while as Bridget comes to find out they are Bridget had everything she wanted and all at the young age of twenty eight At least until she meets such a mysterious stranger at the bar one night a man who seemingly has the power to disappear at will All at once she discovers that his past is just as mysterious as he is having lived a life that spiraled from love to desolation and everywhere in between But nothing can compare to the unbelievable secret he carries with him he cannot escape the night Entranced by this man who lives literally and figuratively in the darkness she learns to question so many of the things left unthought about in life the meaning of happiness the strength of our desires the weight of our hope and what authentic love really means But in doing so she comes to question everything she has built around her

The Nightly Act of Dreaming Ryan Curtis Friesen, 2019-05-28 The search for a shared practice of storytelling around which a popular study of cognitive narratology might form need look no further than our nightly experience of dreams Dreams and memories are inseparable complicating and building upon one another reminding us that knowledge of ourselves based on our memories relies upon fictionalized narratives we create for ourselves Psychologists refer to confabulation the creation of false or distorted memories about oneself and the world we inhabit albeit without any conscious intention to deceive This process and narrative inherent in the dreamlife of all people is at odds with the daily menu of cultural myths and politicized fictions fed to the Western world through print and social media and for which there is constant divisiveness and disagreement Cognitive Narratology and the

Shared Identity of Myth uses insights gained from the scientific study of dreaming to explain how the shared experience of dreamlife can work in service to the common good Primary texts and literary works chosen for their influence on contemporary thinking provide a rationale and historical background From Artemidorus a professional diviner and Aristotle to the Church fathers Tertullian St Augustine Gregory of Nyssa Sinesius of Cyrene to The Wanderer Old English poem and Chaucers Book of the Duchess to Coleridges writings and R L Stevensons A Chapter on Dreams and to twentieth century dream theory and dream use in film The purpose is to enable readers through subjective self analysis to recognize what they share with their fellow dreamers shared identity in formation of a shared act of dreaming creation is a universal across centuries and throughout Western culture albeit currently misrepresented and rarely acted upon Pearls of Wisdom Mark Prophet,1976 **The Night Land** William Hope Hodgson,2022-11-04 The Sun has gone out the Earth is lit only by the glow of residual vulcanism The last few millions of the human race are gathered together in a gigantic metal pyramid the Last Redoubt under siege from unknown forces and Powers outside in the dark These are held back by a Circle of energy known as the air clog powered from the Earth s internal energy For millennia vast living shapes the Watchers have waited in the darkness near the pyramid it is thought they are waiting for the inevitable time when the Circle s power finally weakens and dies Other living things have been seen in the darkness beyond some of unknown origins and others that may once have been human To leave the protection of the Circle means almost certain death or worse but as the story commences the narrator establishes mind contact with an inhabitant of another forgotten Redoubt and sets off into the darkness to find her *THE NIGHT* Rudolf Steiner,2018-04-24 I fall asleep Until I awaken my soul will be in the world of spirit and there will meet the guiding impulse giver of my earthly life my genius who dwells in the world of spirit hovering round my head Rudolf Steiner The night is an essential counterpart to the day By day we possess the capacity of conscious logical thought whilst at night leaving the physical body to regenerate during sleep we give ourselves up to a different form of consciousness Rudolf Steiner describes the night as the realm of intuition a place of deep spiritual encounter but also as a wellspring of renewal and healing With its lucid introduction and notes The Night seeks to conjure the special atmosphere and quality of the nocturnal hours so that the real spiritual encounters of night time can fruitfully inform our daily life helping us to live in a fuller healthier way Night time is when we can consciously or unconsciously meet our higher self we have the opportunity to work with angelic beings and even to access the world of the dead The night can be a source of poetic and artistic inspiration whilst for initiates it provides a field for conscious awareness It is also a special time before going to sleep and upon waking for specific esoteric exercises Edited by Edward de Boer the textual passages lecture extracts exercises and the many verses and prayers in this anthology are an invitation to readers to engage more consciously with the starry heavens and the nightly realm *Wisdom's Daughters* Cathy Pagano,2013-01-24 Wisdom is Women s Gift to the World In the many cultural stories that speak about the changing of the ages it is always Feminine Spirit which brings about the transition to new life for

Feminine Spirit knows the rhythms of life death and rebirth and is the opener of the way In times of cultural transformation it is also our right brain feminine consciousness that is our best guide for it opens us to the creative imagination the realm of possibility The return of the Goddess awakens the transformative energy that births the changing of the ages In the western story of worldwide spiritual transformation there is a powerful image of Cosmic Woman an image of the archetypal Feminine Spirit who transforms and gives birth to this new age And her archetypal image gives us instructions for opening to and incarnating wisdom This image of the awakening Feminine Spirit is an image of the Conscious Woman a woman clothed with the sun standing on the moon crowned with stars who is in labor giving birth to a savior In earlier times and different traditions this archetypal image was understood as Lady Wisdom Today I feel this Goddess image of conscious woman can be incarnated by women everywhere This woman clothed with the sun is Lady Wisdom who calls all women to become her daughters I love Cathy s insights into fairy tales mythology dreams astrological energies and archetypes She makes sense of how our lives are impacted by these complex yet very beautiful elements making them accessible and keeping them profound Her wisdom can only enhance anyone lucky enough to have crossed her path Alix Toland Artist Creator of Color Scope An Astrological Mandala
