Nikon D7000 Arabic Manual:

Mastering the Nikon D7000 Darrell Young, 2011 Young explores the features and capabilities of the camera in a way that far surpasses the user's manual. He guides readers through features with step by step setting adjustments, color illustrations, and detailed how, when, and why explanations for each option. *FMFRP Manuals Combined: The Persian Gulf Region, A Climatological Study; Troop Construction in the Middle East; Afoot in the Desert; Desert Water Supply; And Problems in Desert Warfare*, **Nikon D500: A Guide for Beginners** Scott Casterson, 2016-01-28 Established in the early 1900s, the Nikon Corporation is among the leading players in the field of photography. The company has made tremendous strides since its inception and has received accolades for its creation of some of the most innovative and trendy pieces of photographic technology in today's market. Among the latest in their creation is the Nikon D500/P900 camera, the newest in its DX line and the long-awaited replacement for the D300S. Technical Manual United States. War Department, 1943

Scientific and Technical Translation Maeve Olohan, 2015-09-16 Routledge Translation Guides cover the key translation text types and genres and equip translators and students of translation with the skills needed to translate them. Concise, accessible, and written by leading authorities, they include examples from existing translations, activities, further reading suggestions, and a glossary of key terms. *Scientific and Technical Translation* focuses on texts that are typically translated in scientific and technical domains, such as technical instructions, data sheets, and brochures, patents, scientific research articles, and abstracts, popular science press releases, and news reports. In seven chapters, this practical textbook introduces readers to the typical contexts in which scientific and technical translators work. Shows how corpus resources can be used for terminological and phraseological research. Considers how translation technologies are employed in technical and scientific translation. Explains a range of technical and scientific genres and their translation. Including a wide range of relevant tasks and activities, examples from the most commonly taught language pairs, and a glossary of key terms, this is the essential textbook for modules on scientific and technical translation and specialised translation. *MOS Manual* United States.
