Elkins,2005 This is a guide to all aspects of the role of the camera assistant The number of potential problems the camera assistant can expect to face has been increased in the book to aid problem solving skills The hand camera manual Walter D. Welford,1893 Mastering the Nikon COOLPIX A Darrell Young,2013-11-28 Mastering the Nikon COOLPIX A by Darrell Young provides experience based information for owners of the new COOLPIX A camera In this ebook Darrell helps the user navigate past the confusion that often comes with learning to use complex camera equipment This ebook explores the features and capabilities of the camera in a way that far surpasses the user's manual It includes an in depth look at the camera's controls and functions It guides readers through the camera features with step by step setting adjustments color illustrations and detailed explanations for each option Every button dial and menu configuration setting is explored in a user friendly manner with suggestions for setup according to various shooting styles Darrell's friendly and informative writing style allows readers to easily follow directions In this new COOLPIX A manual Darrell provides information on the camera's functions as well as basic photography techniques as part of the complete learning experience **Popular Photography** ,1983-08 **On-Camera Flash** ,2015-10-19 Photographers are always looking for perfect light Unfortunately the quality of available light and the situations in which photos are created are rarely perfect This is especially true when photographing weddings or portraits on location So while finding beautiful existing light is every photographer's ideal it isn't always possible This is the point at which photographers tend to reach for a portable on camera flash Indeed these intense light sources can prove invaluable but only if you know how to use them effectively In the hands of an inexperienced photographer on camera flash will produce images that look flat and lifeless images with harsh shadows washed out skin tones cavernous

black backgrounds and other unappealing visual characteristics In this book acclaimed wedding and portrait photographer Neil van Niekerk shows you how to avoid the pitfalls photographers new to speedlights often encounter so that you can produce professional images using on camera flash You l learn to use simple accessories to manipulate the quality of light from your flash and how to improve a lighting scenario by enhancing rather than overwhelming the existing light When the available light is too low and too uneven to be combined with flash he shows you how to override it completely with flash and with some thought and careful application of specialized techniques still get results that look great On camera flash is one of the most challenging light sources to master but with the techniques in this book you ll learn to use it with confidence For wedding and environmental portrait photographers who must work in ever changing lighting scenarios this can mean better images and better sales *Popular Photography* ,2005-06 Popular Photography ,1999-06 Popular Photography ,2005-07 **Popular Photography** ,2005-11
