

- To clean the optical lenses, lightly wipe them with a soft cloth or a lens tissue that is moistened with alcohol.
- The reticle plate cover has been correctly mounted. Do not release it or subject it to excessive force to make it watertight.
- Press the cap that covers the data output/external power input connector terminal until it clicks into place. The instrument is not watertight if the cap is not attached securely, or when the data output/external power input connector is used.
- The carrying case is designed to be watertight, but you should not leave it exposed to rain for an extended period. If exposure to rain is unavoidable, make sure that the carrying case is placed with the Nikon nameplate facing upward.
- The BC-80 battery pack contains a Ni-MH battery. When disposing of the battery pack, follow the laws or rules of your municipal waste system.
- The instrument can be damaged by static electricity from the human body discharged through the data output/external power input connector. Before handling the instrument, touch any other conductive material once to remove static electricity.
