Nine Years Under Coming Of Age In An Inner City Funeral Home:

Nine Years Under Sheri Booker, 2013-05-30 A dazzling and darkly comic memoir about coming of age in a black funeral home in Baltimore Sheri Booker was only fifteen when she started working at Wylie Funeral Home in West Baltimore She had no idea her summer job would become nine years of immersion into a hidden world Reeling from the death of her beloved great aunt Sheri found comfort in the funeral home and soon had the run of the place With AIDS and gang violence threatening to wipe out a generation of black men Wylie was never short on business As families came together to bury one of their own Booker was privy to their most intimate moments of grief and despair But along with the sadness Booker encountered moments of dark humor brawls between mistresses and widows and car crashes at McDonald s with dead bodies in tow While she never got over her terror of the embalming room Booker learned to expect the unexpected and to never ever cry Nine Years Under offers readers an unbelievable glimpse into an industry in the backdrop of all our lives

The Art of Creative Research Philip Gerard, 2017-02-23 A guide to finding and using information that enriches your fiction nonfiction or poetry filled with anecdotes from a wide range of writers Choice All writers conduct research For some this means poring over records and combing archives but for many creative writers research happens in the everyday world when they scribble an observation on the subway when they travel to get the feel for a city or when they strike up a conversation with an interesting stranger The Art of Creative Research helps writers take this natural inclination to explore and observe and turn it into a workable and enjoyable research plan It shows that research shouldn t be seen as a dry plodding aspect of writing Instead it s an art that all writers can master one that unearths surprises and fuels imagination This lends authenticity to fiction and poetry as well as nonfiction Philip Gerard distills the process into fundamental questions How do you conduct research And what can you do with the information you gather He covers both in person research and work in archives and illustrates how the different types of research can be incorporated into stories poems and essays using examples from a wide range of writers as well as his own projects Throughout he brings knowledge from his seasoned background into play drawing on his experiences as a reporter and a writer of both fiction and nonfiction His enthusiasm for adventure is infectious and will inspire writers to step away from the keyboard and into the world Gerard just flat out gets it He understands that research is at its core about the human need to know an indispensable book Joe Mackall author of Plain Secrets An Outsider among the Amish
