Monthly Catalog of United States Government Publications, 1991-04 **George Orwell** John Rodden, 2017-09-04 The making of literary reputations is as much a reflection of a writer's surrounding culture and politics as it is of the intrinsic quality and importance of his work. The current stature of George Orwell, commonly recognized as the foremost political journalist and essayist of the century, provides a notable instance of a writer whose legacy has been claimed from a host of contending political interests. The exemplary clarity and force of his style, the rectitude of his political judgment, along with his personal integrity, have made him, as he famously noted of Dickens, a writer well worth stealing. Thus, the intellectual battles over Orwell's posthumous career point up ambiguities in Orwell's own work as they do in the motives of his would-be heirs. John Rodden's *George Orwell: The Politics of Literary Reputation* breaks new ground in bringing Orwell's work into proper focus while providing much original insight into the phenomenon of literary fame. Rodden's intent is to clarify who Orwell was as a writer during his lifetime and who he became after his death. He explores the dichotomies between the novelist and the essayist, the socialist and the anti-communist, and the contrast between his day-to-day activities as a journalist and his latter-day elevation to political prophet and secular saint. Rodden's approach is both contextual and textual, analyzing available reception materials on Orwell along with audiences and publications decisive for shaping his reputation. He then offers a detailed historical and biographical interpretation of the reception scene, analyzing how and why individuals and audiences cast Orwell in their own images and how these projected images served their own political needs and aspirations. Examined here are the views of Orwell as quixotic moralist, socialist renegade, anarchist, English patriot, neo-conservative forerunner of cultural studies, and even media and commercial star. Rodden concludes with a consideration of the meaning of Orwell.

Bulletin Index-digest System, 1953 *Resources in Education*, 1990-03 *American-Vietnamese Relations in the Wake of War* Cécile Menétrey-Monchau, 2017-02-10 When the Vietnam War ended with the North Vietnamese capture of Saigon on April 30, 1975, 27 months after a cease-fire had been signed in Paris, the differences between the United States and Vietnam were far from being resolved. Mutual bitterness regarding the war remained. Newly unified

Vietnam wanted normalization of relations and the subsequent economic reconstruction aid promised in the Paris Peace Accords Understandably wary of such diplomatic relations the United States requested information regarding soldiers listed as missing in action and assistance with the repatriation of military remains A series of misconceptions and misunderstandings as well as changes from a regional to a global U S foreign policy left both countries bereft of an easy solution This book describes the negotiations during the late Ford and early Carter administrations 1975 1979 and discusses the repercussions the diplomatic stalemate had on the domestic and international politics of the United States and Vietnam emphasizing the conflicting priorities and political goals of both countries at home and abroad This previously neglected period in United States Vietnam relations deals with issues such as Hanoi s constant exultation over the victory American denial of responsibility the division between the presidents public declarations and congressional policies and both sides use of the MIA issue Based primarily on recently declassified documents and former U S official Douglas Pike s uncensored collection the work also makes use of media press sources from America Vietnam Britain France and China Interviews with Vietnamese immigrants and former U S politicians provide insight unavailable in written histories Appendices contain the February 1973 correspondence between President Nixon and the Prime Minister of the Democratic Republic of Vietnam six diplomatic notes from 1976 and a January 30 1979 letter from President Carter to Chinese Vice Premier Deng Xiaoping
