What is Compositing?

In a composite image, you combine multiple elements that weren't originally photographed in the same scene. In a landscape photograph, you might replace the sky with one from another photo. Or you might create an odd by mixing photographs, graphics, and text.

Figure 14 composite graphics

Figure 2 This graphics is made up of a red color fill layer, the flower image, a mask that makes parts of the flower image transparent, and text.

This basic composition can be put to use in Photoshop to create a successful composite image. When you take all the technical steps of creating a composite, in effect separating a subject from its original background and dragging it into a
