Yaël Schlick surveys a wide range of metafictional writings by diverse authors with particular focus on the contemporary period. This book asks not only what metafiction is, but also what it can do, examining metafictional narratives' usefulness for exploring the role of art in society, its role in conceptualizing the figure of author and the reader of fiction, its investigation and playfulness with respect to language and linguistic conventions, and its troubling of the boundaries between fact and fiction in historiographic metafiction, autofiction, and autotheory. *Metafiction* is an engaging and accessible introduction to a pervasive and influential form and concept in literary studies and will be of use to all students of literary studies requiring a depth of knowledge in the subject. *The Handy Literature Answer Book* Daniel S.
