A History of America in Ten Strikes Erik Loomis, 2018-10-02 Recommended by The Nation the New Republic Current Affairs Bustle In These Times An entertaining tough minded and strenuously argued The Nation account of ten moments when workers fought to change the balance of power in America A brilliantly recounted American history through the prism of major labor struggles with critically important lessons for those who seek a better future for working people and the world Noam Chomsky Powerful and accessible A History of America in Ten Strikes challenges all of our contemporary assumptions around labor unions and American workers In this brilliant book labor historian Erik Loomis recounts ten critical workers strikes in American labor history that everyone needs to know about and then provides an annotated list of the 150 most important moments in American labor history in the appendix From the Lowell Mill Girls strike in the 1830s to Justice for Janitors in 1990 these labor uprisings do not just reflect the times in which they occurred but speak directly to the present moment For example we often think that Lincoln ended slavery by proclaiming the slaves emancipated but Loomis shows that they freed themselves during the Civil War by simply withdrawing their labor He shows how the hopes and aspirations of a generation were made into demands at a GM plant in Lordstown in 1972 And he takes us to the forests of the Pacific Northwest in the early nineteenth century where the radical organizers known as the Wobblies made their biggest inroads against the power of bosses But there were also moments when the movement was crushed by corporations and the government Loomis helps us understand the present perilous condition of American workers and draws lessons from both the victories and defeats of the past In crystalline narratives labor historian Erik Loomis lifts the curtain on workers struggles giving us a fresh perspective on American history from the boots up Strikes include Lowell Mill Girls Strike Massachusetts 1830 40 Slaves on Strike The Confederacy 1861 65 The Eight Hour Day Strikes Chicago 1886 The Anthracite Strike Pennsylvania 1902 The Bread and Roses Strike Massachusetts 1912 The Flint Sit Down Strike Michigan 1937 The Oakland General Strike California 1946 Lordstown Ohio 1972 Air Traffic Controllers 1981 Justice for Janitors Los Angeles 1990

The United States and the Nazi Holocaust Barry Trachtenberg, 2018-02-08 The United States and the Nazi Holocaust is an invaluable synthesis of United States policies and attitudes towards the Nazi persecution of European Jewry from 1933 to the modern day The book weaves together a vast body of scholarship to bring students of the Holocaust a balanced overview of this complex and often controversial topic It demonstrates that the United States response to Nazism the refugee crisis it provoked the Holocaust and its aftermath were and remain to this day intricately linked to the shifting racial economic and social status of American Jewry Using a broad chronological framework Barry Trachtenberg guides us through the major themes and events of this period He discusses the complicated history of the Roosevelt administration s response to the worsening situation of European Jewry in the context of the ambiguous racial status of Jews in Depression and World War II era America He examines the post war decades in America and discusses how the Holocaust like American Jewry itself

moved from the margins to the center of American awareness This book considers the reception of Holocaust survivors post war trials film memoirs memorials and the growing field of Holocaust Studies The reactions of the United States government the general public and the Jewish communities of America are all accounted for in this detailed survey *War in Modern China* Harold M Tanner,2025-09-30 This book offers comprehensive coverage of China s military history from the Qing dynasty 1644 1912 to present China has become one of the great world powers of the twenty first century As a result Chinese leaders and observers outside of China alike seek to explain China s strategic thought and action In doing so they routinely refer to China s military history This volume examines this history beginning with the Qing dynasty s era of imperial expansion and subsequent decline continuing with the wars against foreign aggression and internal uprisings of the nineteenth century the revolutionary overthrow of the Qing in 1911 and seemingly constant wars of the first half of the twentieth century and concluding with the Chinese Communist Party s use of military power from 1950 to present This history is generally presented as a narrative of imperial greatness followed by a century of national humiliation followed by a recovery of national wealth and power under Communist Party leadership While acknowledging this narrative Harold Tanner digs deeper to reveal a fundamental continuity of interests underlying Chinese strategic thinking from the Qing to the present while also showing how the theory and practice of war in China changed over time as Chinese political and military leaders wrestled with tremendous challenges drawing on foreign sources as well as their own cultural heritage to seek new solutions Both engaging and timely *War in Modern China A Military History* is essential reading for students scholars and enthusiasts of Chinese and global military history *Dark Victory* Brendan DuBois,2015-12-16 ORIGINAL TRADE PAPERBACK From two time Shamus Award winner Brendan DuBois comes a terrifying and original tale of a world populated mostly by teens who are fighting to save their lives and the future of planet Earth A decade ago the alien Creepers came to Earth dropping asteroids to drown our coastal cities detonating nuclear weapons overhead to destroy our communications power and computer systems and to set up their network of killer stealth satellites to kill anything on our planet that used modern technology In a matter of days Earth was driven back to a nineteenth century existence Then the war really began as the Creepers descended and set up domed bases that were impervious to everything save a nuclear bomb For ten years then the battered and surviving members of humanity have fought against the Creepers and their mechanized exoskeletons until something unexpected has happened a chance for victory Sixteen year old Randy Knox has the usual problems of a teenage boy getting along with his father dating his sweetheart and trying not to fail his junior year of high school But Randy also has other demands on his time as a sergeant in the N H National Guard attached to the U S Army and fighting the invading Creepers Randy has dim memories of a time of electric lights laptop computers television screens and above all plenty of food at every meal On his twelfth birthday he enlisted in the Army to carry on the fight since most of the world s adults have been killed off and it s up to the younger generations to serve But now as a veteran of the Creeper war and with his K 9 partner

Thor Randy has learned to focus on the essentials the best way to kill a Creeper scrounge through abandoned buildings for old canned goods and to avoid being turned into _barbecue bait He has earned the Bronze Star two Purple Hearts and the Combat Infantryman Badge Endless war is all he knows But now change has drastically come to his life The current President of the United States has announced that scattered remnants of the Air Force have destroyed the Creeper s Orbital Base ensuring victory over the alien invaders Those surviving Creepers on the Earth s surface will be hunted down and exterminated as a weary and wary population celebrates victory Yet Randy is assigned a new mission to escort a secret representative from the Governor of New Hampshire to the nation s capital to meet with the President And at the last moment a fellow teen soldier the beautiful Serena Coulson and her mute younger brother Buddy are assigned to join Randy This secretive mission proves to be the most dangerous assignment of his life as Randy tries to protect his charges from rampaging Creepers and criminal humans And as he fights to reach the capitol with a vital mission Randy learns that all of his skills in combating aliens may not be enough to survive the dark conspiracies of his fellow humans At the publisher s request this title is sold without DRM Digital Rights Management About Dark Victory DuBois Resurrection Day has written a great series opener for a range of readers The adolescent characters make this an especially solid choice for teens with an interest in apocalyptic and disaster fiction Library Journal Ambitious nail biting suspense and satisfyingly complex characterization the contrast between DuBois s world and our own is stark and well drawn Publishers Weekly A page turner of an alien invasion novel with fine world building and characterization DuBois writes with a strong hand keeping the fighting and military side of things gritty From the weapons to the people Dubois gets it right Steve Miller cocreator of the best selling Liaden Universe series
