Property In The Body Property In The Body:

Just Property Christopher Pierson, 2020-05-01 This third and concluding volume of Just Property brings critical accounts of property right up to the present. The book is made up of five pairs of chapters located in five major ideological traditions of modernity: liberalism, libertarianism, social democracy, conservatism, and feminism. As before, the focus is on particular thinkers and their daring, puzzling, and sometimes outrageous views. The concluding chapter returns to the project's opening questions about property and inequality and about property under the imperative of growth to limits. If we are to confront the enormous challenges that loom in front of us, we have above all else to think again, and quite radically, about the place of property in our collective lives.

Are We Bodies or Souls? Richard Swinburne, 2019-07-25 What are humans? What makes us who we are? Many think that we are just complicated machines or animals that are different from machines only by being conscious. In *Are We Bodies or Souls?* Richard Swinburne comes to the defence of the soul and presents new philosophical arguments that are supported by modern neuroscience. When scientific advances enable neuroscientists to transplant a part of brain into a new body, he reasons, no matter how much we can find out about their brain activity or conscious experiences, we will never know whether the resulting person is the same as before or somebody entirely new. Swinburne thus argues that we are immaterial souls sustained in existence by our brains. Sensations, thoughts, and intentions are conscious events in our souls that cause events in our brains. While scientists might discover some of the laws of nature that determine conscious events and brain events, each person's soul is an individual thing, and this is what ultimately makes us who we are.

Bioethics Thomas Anthony Shannon, 1993 Issues in bioethics, medicine, and healthcare continue to plague us as patients, as consumers, as citizens. Here, under one cover, are thirty of the most current and perceptive articles culled from key medical, ethical, philosophical, legal, and theological journals. Dr. Shannon once again offers to healthcare professionals and students alike access to this decade's core bioethics questions, a spectrum of viewpoints, and a wealth of insight.

The Law and the Dead Heather Conway, 2016-04-14 The fate of the dead is a compelling and emotive subject which also raises increasingly complex legal questions. This book focuses on the substantive laws around disposal of the recently deceased and associated issues around their post-mortem fate. It looks primarily at the laws in England and Wales but also offers a comparative approach, drawing heavily on material from other common-law jurisdictions including Australia, New Zealand, Canada, and the United States. The book provides an in-depth contextual and comparative analysis of the substantive laws and policy issues around corpse disposal, exhumation, and the posthumous treatment of the dead, including commemoration. Topics

covered include the legal frameworks around burial cremation and other disposal methods the hierarchy of persons who have a legal duty to dispose of the dead and who are entitled to possession of the deceased's remains offences against the dead family burial disputes and the legal status of burial instructions the posthumous use of donated bodily material and the rules around disinterment and creating an appropriate memorial A key theme of the book will be to look at the manner in which conflicts involving the dead are becoming increasingly common in secular multi cultural societies where the traditional nuclear family model is no longer the norm and how such legal contests are resolved by courts As the first comprehensive survey of the laws in this area for decades this book will be of use to academics lawyers and judges adjudicating on issues around the fate of the dead as well as the death industry and funeral service providers Pluralism and Law International Association for Philosophy of Law and Social Philosophy.
