Prostitutionsgesetz News:

Prostitution in the Community Sarah Kingston, 2013-10-15 Prostitution often causes significant anxiety for communities. These communities have been known to campaign against its presence in their neighbourhoods seeking the removal of street sex workers and their male clients. Although research and literature has begun to explore prostitution from the standpoint of the community, there is no comprehensive text which brings together some of the current literature in this area. This book aspires to cast light on some of this work by exploring the nature, extent and visibility of prostitution in residential communities and business areas, considering the legal and social context in which it is situated and the community responses of those who live and work in areas of sex work. This book aims to examine current literature on the impacts of prostitution in residential areas and considers how different policy approaches employed by the police and local authorities have mediated and shaped the nature of sex work in different communities. It explores what communities think about prostitution and those involved, as well as studies the techniques and strategies communities have utilized to take action against prostitution in their neighbourhoods. This book will also demonstrate the diversity of public attitudes, action and reaction to prostitution in the community. This book is a useful contribution for academics and researchers in the fields of Criminology and Sociology who wish to understand current policy initiatives surrounding the issue of prostitution in local, national and international community settings.

China, Sex and Prostitution Elaine Jeffreys, 2004-02-24 China Sex and Prostitution is a topical and important critique of recent scholarship in China studies concerning sexuality, prostitution and policing. The work engages with some key debates in the fields of cultural and gender studies and will be welcomed by scholars in these areas as well as by China specialists, sociologists and anthropologists.

Global Perspectives on Prostitution and Sex Trafficking Rochelle L. Dalla, Lynda M. Baker, John Defrain, Celia Williamson, 2011-04-08 This book is part of a two volume set that examines prostitution and sex trafficking on a global scale, with each chapter devoted to a particular country in one of seven geo-cultural areas of the world. The 18 chapters in this volume, Volume I, are devoted to examination of the commercial sex industry (CSI) in countries within Africa, Asia, Middle East and Oceania, while the 16 chapters that comprise Volume II focus exclusively on Europe, Latin America and North America. Volume II also includes a global section which includes chapters that are globally relevant rather than those devoted to a particular country or geographic location. The content of each volume as well as each chapter reflects great diversity in focus, writing style and personal position regarding the commercial sex industry. Diversity extends to the contributors who are comprised of international scholars, service providers and policy advocates representing a variety of fields and disciplines with distinct and varied frames of reference and theoretical underpinnings with regard to the commercial sex industry. In addition to addressing aspects of the CSI across the globe as

impacted by geography and culture authors have also provided a spectrum of implications of their work implications ranging from continued scholarship and research to legislative maneuvers and policy change to suggestions for collaboration across NGOS fieldworkers clinicians and service providers Together the 34 expertly crafted chapters provide a wealth of knowledge from which to more deeply appreciate and contemplate the global commercial sex industry By uniting contributors from around the world this book aims to build a relatively common knowledge base on global prostitution and sex trafficking
