Protect Your Wealth From The Ravages Of Inflation A Three Step Method:

Protect Your Wealth from the Ravages of Inflation Paul M. King, 2011-10-18 Protect Your Wealth from the Ravages of Inflation is for people who have financial assets to protect in an unpredictable inflationary environment Maybe you have tried traditional financial advice financial planning and passive investment management techniques and you re still losing ground Maybe you re worried that by the time you need to use it your retirement fund will be worth less than your total contributions Maybe you believe that high inflation will significantly decrease your standard of living in the future Maybe all of these issues apply to you Don t despair help is at hand Protect Your Wealth from the Ravages of Inflation is a concise no nonsense straightforward guide that will help you to do three things 1 Ensure that your emergency fund will still have some purchasing power when you need it Emergency funds sitting in checking accounts or near cash investments will just be eaten away by inflation There is a better way to give you access to the cash you need when you need it This book shows you how 2 Insulate you from significant changes in the strength of your home currency If all your income and expenses are in a single currency like the U S dollar you run a significant risk that your home country currency will lose value Currency risk in your income purchasing power and working capital is often overlooked until it s too late to do anything about it This book deals with this issue and gives you easy to follow advice to protect the value of your money 3 Generate a better risk adjusted return in your investment accounts Buying a basket of stocks and mutual funds and then performing the traditional annual rebalancing of a diversified portfolio just doesn t generate the returns most people require from their investments This book shows you simple powerful and sophisticated techniques you can use to manage your investment accounts more effectively and without making it a full time job Protect Your Wealth from the Ravages of Inflation can t guarantee that you will meet your financial goals but it can guarantee that your odds of success will be significantly increased if you follow its advice The book Explains why traditional investing methods virtually guarantee a negative rate of return in real terms Illustrates the pernicious effect of inflation on an average investor s portfolio and why an inflationary period may be in the offing Provides a three step process to withstand emergencies protect your liquid assets and produce a superior risk adjusted return on a stock portfolio compared with conventional investing methods

Invest Like an Institution Michael C. Schlachter, 2013-09-16 All too often when investors go in search of investment advice they are met with television personalities and so called investment gurus who do little more than push the latest and greatest scheme to retire rich Your retirement funds in the form of IRAs 401 k s SEP or Simple IRAs and other plans you can direct to some degree are however far too precious to bet on the latest scheme trend or tip you heard at a party In Invest Like an Institution Professional Strategies for Funding a Successful Retirement Michael Schlachter provides individual investors with the tools they need to build a portfolio that not only protects their wealth but helps it grow for the long term Result A comfortable retirement in which you can pursue your dreams and check bucket list items off at your leisure As an advisor to large pension funds and endowments Michael Schlachter counts among

his clients the elite Institutional investors like the retirement systems of states and major companies as well as the largest university endowments are among the few that consistently outperform the market Sure average retail investors can't make the same types of private deals in real estate private equity or hedge funds that institutional investors use to reap large returns or offset market volatility But as this book demonstrates you can replicate in your own portfolio the very same diversification strategies that large funds employ to achieve long term gains To that end Invest Like an Institution shows how to build a portfolio that is every bit as diversified and risk controlled as a multi billion dollar institutional fund and a portfolio more likely to result in a happy financially secure retirement Filled with easy to implement guidelines that will put you on the path to financial success without encouraging you to chase trends take on unneeded risks or spend unnecessary fees Invest Like an Institution analyzes Why asset allocation and consistent retirement contributions are the single largest determinant of your success or failure The merits of a global portfolio versus those of a home country biased portfolio How newer investment strategies are used by institutional investors to supplement a well diversified portfolio Why fixed income investments are not as safe as most investors think and how to understand their role in your portfolio The best alternative asset classes that are readily available to individual investors Invest Like an Institution will help ensure that your investments are positioned for long term growth under any market conditions Follow its advice and you can better achieve a prime goal we all share retiring with a substantial nest egg
