Pruning The Bodhi Tree The Storm Over Critical Buddhism:

Pruning the Bodhi Tree Jamie Hubbard, Paul L. Swanson, 1997-07-01 What is Buddhism According to Hakamaya Noriaki and Matsumoto Shiro the answer lies in neither Chan nor Zen in neither the Kyoto school of philosophy nor the non duality taught in the Vimalakirti Sutra Hakamaya contends that criticism alone is Buddhism This volume introduces and analyzes the ideas of critical Buddhism in relation to the targets of its critique and situates those ideas in the context of current discussions of postmodern academic scholarship the separation of the disinterested scholar and committed religious practitioner and the place of social activism within the academy Essays critical of the received traditions of Buddhist thought many never before translated are presented and then countered by the work of respected scholars both Japanese and Western who take contrary positions

Critical Buddhism James Mark Shields, 2016-04-22 In the late 1980s and early 1990s the relative calm world of Japanese Buddhist scholarship was thrown into chaos with the publication of several works by Buddhist scholars Hakamaya Noriaki and Matsumoto Shiro dedicated to the promotion of something they called Critical Buddhism hihan bukkyo In their quest to re-establish a true rational ethical and humanist form of East Asian Buddhism the Critical Buddhists undertook a radical deconstruction of historical and contemporary East Asian Buddhism particularly Zen While their controversial work has received some attention in English language scholarship this is the first book length treatment of Critical Buddhism as both a philosophical and religious movement where the lines between scholarship and practice blur Providing a critical and constructive analysis of Critical Buddhism particularly the epistemological categories of critica and topica this book examines contemporary theories of knowledge and ethics in order to situate Critical Buddhism within modern Japanese and Buddhist thought as well as in relation to current trends in contemporary Western thought

Buddhism, Christianity and the Question of Creation Perry Schmidt-Leukel, 2016-12-05 Is the world created by a divine creator Or is it the constant product of karmic forces The issue of creation was at the heart of the classic controversies between Buddhism and Hindu Theism In modern times it can be found at the centre of many polemical debates between Buddhism and Christianity Is this the principal barrier that separates Buddhism from Christianity and other theistic religions The contributions to Part One explore the various aspects of traditional and contemporary Buddhist objections against the idea of a divine creator as well as Christian possibilities to meet the Buddhist critique Part Two asks for the

potential truth on both sides and suggests a surprising way that the barrier might be overcome. This opens a new round of philosophical and theological dialogue between these two major traditions with challenging insights for both Contributors Jos I Cabeza, John P. Keenan, Armin Kreiner, Aasulv Lande, John D. Arcy, May Eva K. Neumaier, Perry Schmidt, Leukel Ernst, Steinkellner.

Cyber Zen Gregory Price Grieve, 2016-12-08 *Cyber Zen* ethnographically explores Buddhist practices in the online virtual world of Second Life. Does typing at a keyboard and moving avatars around the screen however count as real Buddhism? If authentic practices must mimic the actual world then Second Life Buddhism does not. In fact a critical investigation reveals that online Buddhist practices have at best only a family resemblance to canonical Asian traditions and owe much of their methods to the late twentieth century field of cybernetics. If however they are judged existentially by how they enable users to respond to the suffering generated by living in a highly mediated consumer society then Second Life Buddhism consists of authentic spiritual practices. *Cyber Zen* explores how Second Life Buddhist enthusiasts form communities, identities, locations and practices that are both products of and authentic responses to contemporary Network Consumer Society. Gregory Price Grieve illustrates that to some extent all religion has always been virtual and gives a glimpse of possible future alternative forms of religion.

Buddhist Inclusivism Kristin Beise Kiblinger, 2017-07-05 Although Christians have well developed responses to other religions the counterpart scholarship from Buddhists has thus far lagged behind. Breaking new ground Buddhist Inclusivism analyzes the currently favored position towards religious others. Inclusivism in Buddhist traditions. Kristin Beise Kiblinger presents examples of inclusivism from a wide range of Buddhist contexts and periods from Pali texts to the Dalai Lama's recent works. After constructing and defending a preferred alternative form of Buddhist inclusivism she evaluates the thought of particular contemporary Buddhists such as Thich Nhat Hanh and Masao Abe in light of her ideal position. This book offers a more systematic treatment of Buddhist inclusivism than has yet been provided either by scholars or by Buddhist leaders.

Considering, Questioning and Re-Imagining Harmony Karyn Lai, Rick Benitez, Chenyang Li, 2025-10-30 Are harmony and disruption mutually exclusive? This collection critically examines the concept of harmony and its association with perfection. Harmony is pursued by individuals, families, societies and nations as a fundamental value. Yet it often comes at the cost of freedom, creativity and individuality. This book explores ways in which it may be misleading to regard harmony as opposed to difference or to think that harmony and disruption are independent. Featuring examples of historically and culturally diverse perspectives of harmony an international line up of contributors reflect on ideas from ancient Greek, Chinese, Indian and Japanese thought. They draw on modern and contemporary thinkers and from music and design perspectives. The range of historical and cultural reflections make it possible to re-imagine the concept and practice of harmony either by incorporating a role for disruption or by recognising a dynamic in which disruption balances the overreach of harmony. By including historically and culturally diverse perspectives of harmony to widen the horizons of consideration this collection presents a more inclusive understanding of this major

philosophical and political concept

Buddhist Responses to Globalization Leah Kalmanson, James Mark

Shields, 2014-07-22 This interdisciplinary collection of essays highlights the relevance of Buddhist doctrine and practice to issues of globalization. From various philosophical, religious, historical, and political perspectives, the authors show that Buddhism, arguably the world's first transnational religion, is a rich resource for navigating today's interconnected world. *Buddhist Responses to Globalization* addresses globalization as a contemporary phenomenon marked by economic, cultural, and political deterritorialization and also proposes concrete strategies for improving global conditions in light of these facts. Topics include Buddhist analyses of both capitalist and materialist economies; Buddhist religious syncretism in highly multicultural areas such as Honolulu; the changing face of Buddhism through the work of public intellectuals such as Alice Walker; and Buddhist responses to a range of issues including reparations and restorative justice, economic inequality, spirituality, and political activism, cultural homogenization, and nihilism, and feminist critique. In short, the book looks to bring Buddhist ideas and practices into direct and meaningful yet critical engagement with both the facts and theories of globalization.

Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 2 John P. Keenan, 2022-09-09 This is volume 2 of a wide-ranging interfaith reading of the Letter to the Ephesians, a New Testament text whose words have inspired and enhanced Christian spiritual life and liturgy over the centuries. Unfortunately, at the same time, Ephesians has provided apparent scriptural support to those who would defend slavery, patriarchy, misogyny, and the physical power of Christ over the cosmos. How, on earth, are today's Christians to receive and understand such a text as this? *Earthing the Cosmic Christ of Ephesians: The Universe, Trinity, and Zhiyi's Threefold Truth* draws upon a broad array of scientific, theological, and philosophical thinkers who enable us both to marvel at today's ever-expanding knowledge of our vast cosmos and to appreciate the importance of the Ephesian letter in the canon of our Christian scriptures, even while we acknowledge the archaic geocentric cosmology that underlies its claims about the cosmic Christ and reject its accommodation to the patriarchal, misogynistic, and slaveholding norms of its first-century culture. Throughout this reading of Ephesians, we look to Chinese Buddhist master Zhiyi and his threefold truth to enhance our understanding of trinity and the nascent trinitarian themes within this letter. As a whole, this work constitutes a new appreciation for Ephesians as well as a twenty-first-century apologetic for doctrinal humility and for theologizing within a global theological commons.

Deleuze and Buddhism Tony See, Joff Bradley, 2016-10-31 This book explores the resonances between Deleuze's philosophy and a range of philosophical concepts in Buddhism. Focusing on this rarely examined relationship, this book gathers perspectives from scholars around the globe to explore the continuities and discontinuities between Deleuze's and Buddhist thought. They examine immanence, intensity, assemblages, and desire, and the concepts of ethics and meditation. This volume will prove to be an important resource for readers and scholars interested in philosophy, critical theory, and comparative studies. They will find this an engaging and invaluable examination of two different yet similar modes of thought.
