Book Mizrahi Era Rebellion Forgotten Contemporary:

The Mizrahi Era of Rebellion Bryan K. Roby, 2015-12-04 During the postwar period of 1948 56 over 400 000 Jews from the Middle East and Asia immigrated to the newly established state of Israel By the end of the 1950s Mizrahim also known as Oriental Jewry represented the ethnic majority of the Israeli Jewish population Despite their large numbers Mizrahim were considered outsiders because of their non European origins Viewed as foreigners who came from culturally backward and distant lands they suffered decades of socioeconomic political and educational injustices In this pioneering work Roby traces the Mizrahi population s struggle for equality and civil rights in Israel Although the daily bread and work demonstrations are considered the first political expression of the Mizrahim Roby demonstrates the myriad ways in which they agitated for change Drawing upon a wealth of archival sources many only recently declassified Roby details the activities of the highly ideological and politicized young Israel Police reports court transcripts and protester accounts document a diverse range of resistance tactics including sit ins tent protests and hunger strikes Roby shows how the Mizrahi intellectuals and activists in the 1960s began to take note of the American civil rights movement gaining inspiration from its development and drawing parallels between their experience and that of other marginalized ethnic groups The Mizrahi Era of Rebellion shines a light on a largely forgotten part of Israeli social history one that profoundly shaped the way Jews from African and Asian countries engaged with the newly founded state of Israel

Contemporary Sephardic and Mizrahi Literature Dario Miccoli, 2017-04-21 In the last few years the fields of Sephardic and Mizrahi Studies have grown significantly thanks to new publications which take into consideration unexplored aspects of the history literature and identity of modern Middle Eastern and North African Jews However few of these studies abandoned the Diaspora Israel dichotomy and analysed the Jews who moved to Israel and those that settled elsewhere as part of a new diverse and interconnected diaspora Contemporary Sephardic and Mizrahi Literature argues that the literary texts produced by Sephardic and Mizrahi Jews who migrated from the Middle East and North Africa in the 1950s and afterwards should be considered as part of a transnational arena in which forms of Jewish diasporism and postcolonial displacement interweave Through an original perspective that focuses on novelists poets professional and amateur writers from the Israeli poets Erez Biton and Shva Salhoov to Francophone authors such as Chochana Boukhobza Ami Bouganim and Serge Moati the book explains that these Sephardic and Mizrahi authors are part of a global literary diaspora at the crossroads of past Arab legacies new national identities and persistent feelings of Jewishness Some of the chapters emphasise how the Sephardic and Mizrahi past and present identities are narrated how generational and ethno national issues are taken into account and which linguistic and stylistic strategies the authors adopted Other chapters focus more explicitly on how the relations between national societies and different Jewish migrant communities are narrated both in today s Israel and in the diaspora The book helps to bridge the gap between Hebrew and postcolonial literature and opens up new perspectives on Sephardic and Mizrahi literature It will be a valuable resource for

students and scholars of Jewish and Postcolonial Studies and Comparative Literature The Lost Orchard Mustafa Kabha, Nahum Karlinsky, 2021-06-30 The Palestinian Nakba catastrophe of 1948 devastated Palestinian lives and shattered Palestinian society culture and economy It also nipped in the bud a nascent grassroots binational alliance between Arab and Jewish citrus growers This significant and unprecedented partnership was virtually erased from the collective memory of both Israelis and Palestinians when the Nakba decimated villages and populations in a matter of months In The Lost Orchard Kabha and Karlinsky tell the story of the Palestinian citrus industry from its inception until 1950 tracing the shifting relationship between Palestinian Arabs and Zionist Jews Using rich archival and primary sources as well as on a variety of theoretical approaches Kabha and Karlinsky portray the industry's social fabric and stratification detail its economic history and analyze the conditions that enabled the formation of the unique binational organization that managed the country's citrus industry from late 1940 until April 1948 **Leaving Zion** Ori Yehudai, 2020-05-14 Explores Jewish emigration from Palestine and Israel during the critical period between 1945 and the late 1950s by weaving together the perspectives of governments aid organizations Jewish communities and the personal stories of individual migrants Leaving Other People Alone Aaron Kreuter, 2023-12-01 Leaving Other People Alone reads contemporary North American Jewish fiction about Israel Palestine through an anti Zionist lens Aaron Kreuter argues that since Jewish diasporic fiction played a major role in establishing the centropерipheral relationship between Israel and the diaspora it therefore also has the potential to challenge trouble and ultimately rework this relationship Kreuter suggests that any fictional work that concerns itself with Israel Palestine and Zionism comes with heightened responsibilities primarily to make narrative space for the Palestinian worldview the dispossessed Other of the Zionist project In engaging prose the book features a wide range of scholarship and new compelling readings of texts by Theodor Herzl Leon Uris Philip Roth Ayelet Tsabari and David Bezmozgis Throughout Kreuter develops his concept of diasporic heteroglossia which is fiction's unique ability to contain multiple voices that resist and write back against national centres This work makes an important and original contribution to Jewish studies diaspora studies and world literature **Impossible Exodus** Orit Bashkin, 2023-05-25 An exceptional exposé of the sufferings of the Iraqi and Mizrahi Jews in Israel during the 1950s vs. Igen Shofar Between 1949 and 1951 123 000 Iraqi Jews immigrated to the newly established Israeli state Lacking the resources to absorb them all the Israeli government resettled them in maabarot or transit camps relegating them to poverty In the tents and shacks of the camps their living conditions were squalid and unsanitary Basic necessities like water were in short supply when they were available at all Rather than returning to a homeland as native sons Iraqi Jews were newcomers in a foreign place Impossible Exodus tells the story of these Iraqi Jews first decades in Israel Faced with ill treatment and discrimination from state officials Iraqi Jews resisted they joined Israeli political parties demonstrated in the streets and fought for the education of their children leading a civil rights struggle whose legacy continues to influence contemporary debates in Israel Orit Bashkin sheds light on their everyday lives

and their determination in a new country uncovering their long painful transformation from Iraqi to Israeli In doing so she shares the resilience and humanity of a community whose story has yet to be told Praise for Impossible Exodus Orit Bashkin sheds light on a case of historical injustice Impossible Exodus will greatly enhance our understanding of the pain discrimination and struggle to survive in a different culture that those immigrants had to endure Abbas Shiblak University of Oxford A marvelously clear eyed and compassionate recovery of the experience of Iraqi Jews forced to seek a new life in Israeli transit camps Orit Bashkin gives these people voice agency and sympathetic understanding in their complex struggles against discrimination and cultural loss Roger Owen Harvard University What is distinctive about Bashkin s book on Iraqi Jews is the many stories she recovers that describe not only the difficulties encountered by immigrants but also the humiliations imposed by thoughtless and prejudiced officials put in charge of people whose culture they neither understood nor respected Donna Robinson Divine Middle East Journal Generations of Dissent Alexa Firat,R. Shareah Taleghani,2020-07-23 Situated in the fields of contemporary literary and cultural studies the ten essays collected in Generations of Dissent shed light on the artistic creativity cultural production intellectual movements and acts of political dissidence across the Middle East and North Africa Born of the contributors research on dissidence and state co option in a variety of artistic and creative fields the volume s core themes reflect the notion that the recent Arab uprisings did not appear in a cultural political or historical vacuum Rather than focus on how protestors finally broke the walls of fear created by authoritarian regimes in the region these essays show that the uprisings were rooted in multiple generations and various acts of resistance decades prior to 2010 11 Firat and Taleghani s volume maps the complicated trajectories of artistic and creative dissent across time and space showing how artists have challenged institutions and governments over the past six decades *Understanding Hezbollah* Abed T. Kanaaneh,2021-09-02 Over the last three decades Hezbollah has developed from a small radical organization into a major player in the Lebanese regional and even international political arenas Its influence in military issues is well known but its role in shaping cultural and political activities has not received enough attention Kanaaneh sheds new light on the organization s successful evolution as a counterhegemonic force in the region s resistance movement known as Muqawama Founded on the idea that Islam is a resisting religion whose real heroes are the poor populations who have finally decided to take action Hezbollah has shifted its focus to advocate for social justice issues and to attract ordinary activists to its cause From the mid 1990s on Hezbollah has built alliances that allow it to pursue soft power in Lebanon fighting against both the dominant Shi ite elites and the Maronite Sunni as well as Israeli and US influence in the region Kanaaneh argues that this perpetual resistance military as well as cultural and political is fundamental to Hezbollah s continued success **Jewish Teachings and the Civil Rights Movement** Wendell P. Slater,2025-02-21 The Civil Rights Movement was a concrete response to the Jewish commitment to justice and equality Jewish leaders and laypeople actively joined and supported African American civil rights activism These Jewish supporters saw the struggle of

African Americans to overcome discrimination and injustice as akin to their own experiences of marginalization The very center of the Jewish experience is the concept of oppression We know what it is like to be a minority wrote the rabbi and civil rights advocate Joachim Prinz in 1963 in response to Blow Riots He asserted that Jewish support for civil rights grew out of the enlightening and the redeeming values inherent in our faith traditions The then relatively young rabbi Abraham Joshua Heschel 1907-72 possibly the best known Jewish civil rights activist marched on 9 March 1965 alongside Dr Martin Luther King and the 3 500 marchers who traveled 54 miles from Selma to Montgomery in Alabama His description of what he felt My legs were praying reflected his belief that the commitment to the struggle for civil rights was a religious imperative as much as a social one These historical examples of Jewish activism such as Heschel's march should inspire us to continue fighting for social justice Jewish participation in the Civil Rights Movement extended beyond individual rabbis supporting civil rights entire Jewish organizations joined the fight The Reform Jewish movement via the Union of American Hebrew Congregations later renamed Union for Reform Judaism and other Jewish organizations such as the Anti Defamation League and the American Jewish Committee played a significant role in supporting civil rights legislation and advocacy The collective efforts of individual Jews and Jewish organizations resulted in widespread support for the passage of the Civil Rights Act of 1964 and the Voting Rights Act of 1965 demonstrating the impactful role of the Jewish community in the Civil Rights Movement

The Gates of Gaza Amir Tibon, 2024-09-24 A gripping first person account of how one Israeli grandfather helped rescue two generations of his family on October 7 2023 a saga that reveals the deep tensions and systemic failures behind Hamas's attacks that day On the morning of October 7 Amir Tibon and his wife were awakened by mortar rounds exploding near their home in Kibbutz Nahal Oz a progressive Israeli community less than a mile from Gaza City Soon they were holding their two young daughters in the family's reinforced safe room urging them not to cry as gunfire echoed just outside the door With his cell phone battery running low Amir texted his father The girls are behaving really well but I'm worried they'll lose patience soon and Hamas will hear us Some 45 miles north Amir's parents had just cut short an early morning swim along the shores of Tel Aviv Now they jumped in their Jeep and sped toward Nahal Oz armed only with a pistol but intent on saving their family at all costs In *The Gates of Gaza* Amir Tibon tells this harrowing story in full for the first time He describes his family's ordeal and the bravery that ultimately led to their rescue alongside the histories of the place they call home and the systems of power that have kept them and their neighbors in Gaza in harm's way for decades Woven throughout is Tibon's own expertise as a longtime international correspondent as well as more than thirty original interviews with residents of his kibbutz with the Israeli soldiers who helped to wrest it from the hands of Hamas and with experts on Gaza the Israeli-Palestinian conflict and the failed peace process More than one family's odyssey *The Gates of Gaza* is the intimate story of a tight-knit community and the broader saga of war occupation and hostility between two national movements a conflict that has not yet extinguished the enduring hope for peace
