Peace, 2013-03-20 The psychopath carefully selects the most indifferent heartbreaking way imaginable to abandon you They want you to self destruct cleaning up any loose ends as they begin the grooming process with their latest victim They destroy you as a way to reassure themselves that their new target is better But most importantly they destroy you because they hate you They despise your empathy love qualities they must pretend to feel every single day To destroy you is to temporarily silence the nagging reminder of the emptiness that consumes their soul Unbeknownst to both of you this is the beginning of a great adventure *Psychopath Free* is a recovery handbook guiding survivors through the nightmare of psychopathic relationships from beginning to end The goal is to make the process a bit more holistic to provide all the tools you ll need to find validation self respect peace love This book operates under the assumption that you are not defined by your pain but instead by the subsequent choices you make along the way *Psychopath Free* will help you out of the darkness so that you can begin making better choices that will forever alter the course of your life So say farewell to love triangles cryptic letters self doubt and manufactured anxiety You will never again find yourself desperately awaiting a text from the person you love You will never again censor your spirit for fear of losing the perfect relationship You will never again be told to stop over analyzing that which urgently needs analysis You are no longer a pawn in the mind games of a psychopath You are free

My Trials Mark Wilson, 2017-11-20 Marks story begins several years back when he ventured to a foreign country for unique career building experiences It is there he eventually met more and more like minded individuals and someone who appeared extra special This same aged woman was on her game as she presented a convincing picture of virtue Mark had no

idea that he was about to become quite the victim of a high functioning proactively religious psychopath Mark beautifully illustrated how counterintuitive his experiences with a psychopath were and goes in great depth to show how these abuser victim roles play out in real life encounters This is interesting information that is often not included in other books on the same subject matter In sharing how he figured his way through his extended encounter with a primary psychopath he seeks to spread awareness which will help members of our global society identify psychopaths before they cause their applicable levels of damage Join the author to educate yourself on the increasingly trending topic of psychopathy There are many things Mark assists you in taking away from encounters with psychopaths and their influence on the world around us Psychopathy is certainly a topic worth getting a grasp over Look into this critically constructed book and you'll be happy you did

Please note This is a companion version not the original book Sample Book Insights 1 There are many studies on the traits and characteristics of psychopaths The red flags in this book are intended to supplement these resources You must recognize and understand your own red flags in order to spot toxic people 2 A psychopath is able to manipulate you and other people and they will do anything to get what they want They will erode your boundaries and you'll start to feel like a chore to them They will undermine your self esteem and expect you to read their mind 3 The charming and cute phase is just a facade They use flattery and idealization to hook you and then they slowly start to tear you down They are constantly surrounded by others and they can't tolerate being alone for long periods of time 4 After an encounter with a psychopath you will feel exhausted drained shocked and empty You will have no idea what happened to your old relaxed fun and easygoing self You will tear apart your entire life spending money and ending friendships searching for some kind of explanation
