Friends? Sam Silver, 2015-12-29 My book goes into many Myths Gods and Goddesses There is lore from the Poetic and prayers for many deities The book can help you befriend and learn a lot about Odin Thor Frigg Hela Freya Tyr Freyr and more There are many names for the Celestial Being and it can harder to define than air Worldwide there is Lady Goddess Deity Loki Yahweh Father Xochiquetzal well you get the idea Many Pagans prefer to use a gender free word such as Spirit For me I use Divine Friends My book also gives a modern twist A way to honor those Gods and Goddesses in the twenty first century For example the first Goddess listed is Valkyries An ancient warrior maiden on winged horses How does a twenty first city boy with no spear or horse honor her Honor their friendship by helping veterans of war or by feeding the homeless Something anyone today can do easily For more information see my blog <http://nordicwiccan.blogspot.com> **Contemporary Religious Satanism** Jesper Aagaard Petersen, 2016-12-05 The Church of Satan was founded by Anton LaVey on April 30 1966 In his hands Satan became a provocative symbol for indulgence vital existence natural wisdom and the human being s true animal nature At present religious Satanism exists primarily as a decentralized subculture with a strong internet presence within a larger Satanic milieu in Western culture Though most are inspired by LaVey the majority of contemporary Satanists are not members of the Church of Satan The various expressions of modern Satanism all navigate in today s detraditionalized religious market through the creative appropriation of popular culture philosophy literature and religion The concrete solutions are varied but they all understand the power of transgression allying oneself with a most powerful symbol of resistance namely Satan Thus contemporary religious Satanism could be understood as a complex negotiation of atheism secularism esotericism and self A self religion in the modern age Despite the fascinating nature of religious Satanism it has attracted little scholarship until relatively recently This book brings together a group of international scholars to produce the first serious book length study of religious Satanism presenting a collection that will have wide appeal to specialists and non specialists alike The first part contains broader studies of influential groups and important aspects of the Satanic milieu especially regarding historical developments the construction of tradition and issues of legitimacy The second part narrows the view to regional variations especially with studies on Northern and Eastern Europe The third part consists of primary documents selected for their representational and informational value
