

NIGHT VOICES

Arthur Conan Doyle

Father, father, who is that a-whispering?
Who is it who whispers in the wood?
You say it is the breeze
As it sighs among the trees,
But there's someone who whispers in the wood.

Father, father, who is that a-murmuring?
Who is it who murmurs in the night?
You say it is the roar
Of the wave upon the shore,
But there's someone who murmurs in the night.

Father, father, who is that who laughs at us?
Who is it who chuckles in the glen?
Oh, father, let us go,
For the light is burning low,
And there's somebody laughing in the glen.

Father, father, tell me what you're waiting for,
Tell me why your eyes are on the door.
It is dark and it is late,
But you sit so still and straight,
Ever staring, ever smiling, at the door.

Night Voices Poem Meaning:

Who Am I? Bernd Wannenwetsch, 2009-07-21 A unique look at Bonhoeffer's poetry written during his prison years facilitating a fascinating conversation between biography and theology *The Hamlet Zone* Ruth J. Owen, 2013-01-03 Detached from Shakespeare's English Hamlet has been rewritten numerous times in European languages the various translations into any one language jostling with each other for dominance and spawning new Hamlets that depart decisively from Shakespeare as a source This book focuses on the rich tradition of drawing from Hamlet in European cultures to produce new independent works which include Hamlet theatre Hamlet ballet Hamlet poetry Hamlet fiction Hamlet essays and Hamlet films It examines how the myth of Hamlet has crossed back and forth over Europe's linguistic borders for four hundred years repeatedly reinvigorated by being bent to specific geo political and cultural locations The enquiries in this book show how in the process of translation adaptation and reinventing Hamlet has become the common cultural currency of Europe *Werner's Voice Magazine* Edgar S. Werner, 1894 *The Polyphony of Life* Andreas Pangritz, 2019-10-25 This fascinating book which explores an intriguing idea formulated by Dietrich Bonhoeffer in the very last months of his life has up until now been available only to German readers Since *Polyphonie des Lebens* first appeared twenty five years ago a whole new generation of scholars has come into contact in English as well as in the original German with the entire collection of his works as well as with a huge body of Bonhoeffer studies that have provided an exhaustive assessment of the man and his theology But now with this brand new English edition of a book that explores a neglected but significant aspect of his life readers may be surprised to discover how Bonhoeffer's interest in music influenced him he seriously considered becoming a professional musician as a teenager but chose the path of theology instead and that not only did music provide him with a rich inner world of solace during his daily life while confined in Tegel Prison during 1943 and 1944 but music also lent him a remarkable metaphor for the fragmentary nature of life itself In *Polyphony of Life* Andreas Pangritz explores Bonhoeffer's musical development and its impact on his theology and so fills in an important gap in the record of Bonhoeffer's life and thought *A Literary Mirror* I . Nyoman Darma Putra, 2011-01-01 A Literary mirror is the first English language work to comprehensively analyse Indonesian language literature from Bali from a literary and cultural viewpoint It covers the period from 1920 to 2000 This is an extremely rich field for research into the ways Balinese view their culture and how they respond to external cultural forces This work complements the large number of existing studies of Bali and its history anthropology traditional literature and the performing arts A Literary Mirror is an invaluable resource for those researching twentieth century Balinese authors who wrote in Indonesian Until now such writers have received very little attention in the existing literature An appendix gives short biographical details of many significant writers and lists their work **The Burden of Time** John Lincoln Stewart, 2015-12-08 Two groups which originated in Nashville Tennessee in the early 1920's had a strong influence on American letters Known as the Fugitives and Agrarians they included among others John Crowe Ransom Allen

Tate Robert Penn Warren Donald Davidson and Merrill Moore This study of their contributions is as R W B Lewis has written a searching supple and most of the time brilliantly precise account of thee writing ideas and attitudes of several of this century s most interesting men of letters The book achieves a kind of finality in the handling of its subject Mr Stewart concentrates on the ideas styles themes and widespread influence of the two groups rather than on historical data He illuminates the literature produced within this particular historical and geographical context Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
