Covington, 1999-05-03 First published in 1999 this is an expanded and updated edition of the best selling standard handbook on astrophotography for amateurs *Nikon* Brian Long, 2018-08-23 This book is much more than just a history of the high quality cameras and lenses that have made the Nikon brand a household name it is also a chronicle of the birth of this most famous of Japanese photography equipment manufacturers and the way in which it has evolved over 100 years to keep abreast of advances in technology and ahead of the competition This fully updated and expanded third edition is heavily illustrated throughout with rare archive material from around the world and augmented by a feast of original shots and pictures of the cameras in use The text is backed up by extensive appendices containing everything the avid Nikon collector needs to know A celebration of the birth of this most famous of Japanese photography equipment manufacturers Nikon 2017 was the 100th Anniversary of Nikon Fully updated and expanded third edition for 2018 **The Complete Guide to Sony's NEX-7 Mirrorless Camera (B&W Edition)** Gary

Friedman, 2012-06-21 Love your new 24 megapixel wonder but having a hard time configuring it or understanding all of its functions Then this book is for you Written for the advanced user with tutorials and easy explanations in case you re not so advanced this easy to understand yet thorough guide provides a complete instruction manual which explains each feature in plain English and provides hundreds of visual examples as well There is no better way to learn about and get the most out of your camera More info at <http://friedmanarchives.com> NEX **Shutterbabe** Deborah Copaken, 2001-03-10 NATIONAL BESTSELLER The remarkable memoir of an ambitious young photojournalist who went off to war as a twenty two year old girl and came back four years and many adventures later a woman Eloquent and well observed not only about the memoirist but about the world war death photojournalism and of course the worldwide battle between the sexes The Washington Post Book World In 1988 fresh out of Harvard Deborah Copaken Kogan moved to Paris with a small backpack a couple of cameras the hubris of a superhero and a strong thirst for danger She wanted to see what a war would look like when seen from up close Na vely she figured it would be easy to filter death through the prism of her wide angle lens She was dead wrong Within weeks of arriving in Paris after begging to be sent where the action was Kogan found herself on the back of a truck in Afghanistan her tiny frame veiled from head to toe the only woman and the only journalist in a convoy of rebel freedom fighters Kogan had not actually planned on shooting the Afghan war alone However the beguiling French photographer she d entrusted with both her itinerary and her heart turned out to be as dangerously unpredictable as well a war Kogan found herself running from one corner of the globe to another each linked to the man she was involved with at the time From Zimbabwe to Romania from Russia to Haiti Kogan takes her readers on a heartbreaking yet surprisingly hilarious journey through a mine strewn decade her personal battles against sexism battery and even rape blending seamlessly with the historical struggles of war revolution and unfathomable abuse it was her job to record In the end what was once adventurous

to the girl began to weigh heavily on the woman Though she had finally been accepted into photojournalism s macho fraternity her photographs splashed across the front pages of international newspapers and magazines Kogan began to feel there was something more she was after Ultimately what she discovered in herself was a person a woman for whom life not death is the one true adventure to be cherished above all Photo Equipment Buying Guide ,1979 **Vol. 31: Going Film**

Pro II: The Canon EOS 1N: Standard Edition Shawn M. Tomlinson,2018-12-31 In some ways the Nikon F5 is easier to use than the Canon EOS 1N but it is not nearly as elegant There s just something about the way the Canon EOS 1N feels in my hands when I m shooting with it that makes me never want to put it down In that way it reminds me much more of the Nikon F4S than the Nikon F5Practically since I placed the order for the camera it was inevitable that I would need to write about it If you are seeking the perfect late model film SLR camera you need look no further than the second to last pro level Canon EOS 1N Just load a roll of film take the camera in your hands and start shooting You too will never want to let it go **In Focus** John Holtz,1980 Photography at Sea Patrick Roach,Fred Barter,2010-06-01 Whether a sloop under full sail or a cruising speedboat leaving huge bow waves in its wake there are seemingly impossible factors for photographers at sea to contend with hard to reach angles a spray filled atmosphere fast moving targets and an unstable platform One of the world s top marine photographers provides expert advice in this full color illustrated guide that explains the secrets to composing and getting the best shot and most dramatic effects for absolutely amazing sea photographs **Rewire** Marc Pye,2014-01-30 Josh Strachan has it all His own electrical business a beautiful girlfriend and a monopoly on the electrical work in the sleepy Scottish village of Glen Leven Until London electricians Nathan and Karl arrive to do a rewire on the psychiatric hospital And one by one Josh starts to lose his business his girlfriend his friends and most importantly his mind By wreaking revenge on the English outsiders he ends up digging a hole for himself that even he can t get out of Then bent copper PC Gordon who wants the outsiders out and has a vested interest in trying to protect Josh from the long arm of the law knows this time Josh has gone too far **Popular Photography** ,1999-02
