Nicomachean Ethics Martin Ostwald:

Nicomachean Ethics Aristotle, 1962 **Nicomachean Ethics** Aristotle, 1962 **Action and Contemplation** Robert C. Bartlett, Susan D. Collins, 1999-08-27 European and North American scholars explore the political philosophy of Aristotle with particular attention to questions arising from the *Politics* and the *Nicomachean Ethics* **Guide to Ethics and Moral Philosophy** Brent Adkins, 2017-03-09 Brent Adkins traces the history of ethics and morality by examining six thinkers Aristotle Spinoza Kant Mill Nietzsche and Levinas The book is divided into 3 sections Ethics Morality and Beyond Two thinkers are paired in each section to show you how the important questions of moral philosophy have been answered so that you might better answer them for yourself You ll learn what the philosophers actually said about how to live the best kind of life and more importantly why The Ethics of Consent Franklin Miller, Alan Wertheimer, 2010 Consent is a basic component of the ethics of human relations making permissible a wide range of conduct that would otherwise be wrongful Consent marks the difference between slavery and employment permissible sexual relations and rape borrowing or selling and theft medical treatment and battery participation in research and being a human guinea pig This book assembles the contributions of a distinguished group of scholars concerning the ethics of consent in theory and practice Part One addresses theoretical perspectives on the nature and moral force of consent and its relationship to key ethical concepts such as autonomy and paternalism Part Two examines consent in a broad range of contexts including sexual relations contracts selling organs political legitimacy medicine and research **Virtue Reformed** Stephen Wilson, 2005-10-01 Much of the previous fifty years of scholarship on Jonathan Edwards 1703 1758 has circumscribed his ethical thought either within narrow interpretations of Calvinist theology or the philosophy of the moral sense The mutually exclusive nature of each perspective has distorted the importance Edwards granted human abilities in the salvation process and the demanding moral standards he thought were uniquely defining of Christians Building on new interest in Protestant scholasticism Puritan precisionism and virtue ethics *Virtue Reformed* recalibrates the scholarly stalemate with a comprehensive rereading of both major published treatises and lesser known discourses The result is a fresh portrait of a fascinating eighteenth century figure s struggle to be both a forwarder of the Reformation and a participant in the Enlightenment **George Washington** Ethan M. Fishman, William D. Pederson, Mark J. Rozell, 2001-09-30 There have been many serious abuses of presidential power in recent decades including Watergate the Iran Contra scandal and the Lewinsky affair subsequently Americans have demonstrated renewed interest in discussing the relationship between character and political leadership Through an investigation of the life and career of George Washington often considered the exemplary moral president the chapters offer a balanced scholarly contribution to this analysis Fishman Pederson Rozell and their contributors examine the legacy of Washington s presidency Leading political scientists and historians describe and evaluate the impact of Washington s leadership on the institution of the presidency and on those who have since occupied the Oval Office In the contemporary era of almost endless speculation about the role of

character in presidential leadership an analysis of Washington's character and the model he established is especially germane The chapters provide diverse interpretations of the value of understanding Washington's leadership and the character of the modern presidency Some of the scholars conclude that Washington indeed laid the foundation for good character and strong leadership in the presidency Others take a more critical approach and see Washington like many of his successors as a fallible human being who possessed both character strengths and weaknesses The lasting value of this analysis for political scientists historians and other students of the American presidency is that it demonstrates the continued vibrant debate over Washington's authentic legacy to the office
