Romes Mediterranean Empire S 41 45 And The Periochae Oxford Worlds Classics:

Rome's Mediterranean Empire Livy, 2007-11-08 I will do as the Senate decrees These words from one of Rome's opponents encapsulate the authority Rome achieved by its subjugation of the Mediterranean The Third Macedonian War recounted in this volume ended the kingdom created by Philip II and Alexander the Great and was a crucial step in Rome's eventual dominance For Livy the story is also a fascinating moral study of the vices and virtues that hampered and promoted Rome's efforts in the conflict He presents the war not so much as a battle against Perseus Alexander's last and unworthy successor than as a struggle within the Roman national character Only traditional moral strength embodied in Lucius Aemilius Paullus the general who ultimately defeats Perseus ensures the Roman victory This edition also includes the Periochae later summaries of Livy's entire original 142 book history of Rome from its founding to the age of Augustus of which only 35 books survive The complete Livy in English available in five volumes from Oxford World's Classics ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date

bibliographies for further study and much more **Rome's Italian Wars** Livy, 2013-04-04 People have it in their minds that he would have been a match for Alexander had Alexander turned his arms on Europe So Livy characterizes Papirius Cursor one of Rome's famous generals in the fourth century BC In Books 6 to 10 of his monumental history of Rome Livy deals with the period in which Rome recovered from its Gallic disaster to impose mastery over almost the entire Italian peninsula in a series of ever greater wars Along with Papirius Livy paints vivid portraits of other notable figures such as Camillus who rescued the city from its Gallic captors in 390 young Manlius Torquatus victor in a David versus Goliath duel with a Gallic chieftain and Appius Claudius who built Rome's first major highway the Appian Way Livy's blend of factual narrative and imaginative recreation brings to life a critical era for the rise of Rome and Books 6 to 10 of his work are the one complete account we have as the city passes from myth and legend into the increasing light of reliable history John Yardley's fluent translation is accompanied by an introduction and notes that set Livy in the context of Roman historiography The complete Livy in English available in five volumes from Oxford World's Classics ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Rome's Mediterranean Empire Livy, 2009-08-27 The Third Macedonian War ended the kingdom created by Philip II and Alexander the Great and was a crucial step in Rome's dominance of the Mediterranean Livy's narrative is also a moral study of the individuals involved This edition includes the Periochae later summaries of Livy's original 142 book history

The Histories Polybius,2010-11-11 Polybius account of Rome's rise to world power and her method of rule is a major source for the history of the years 220-146 BC. This new translation includes Books 1-5 in their entirety and all of the fragmentary Books 6 and 12 on the Roman constitution and historiography. It is accompanied by an illuminating introduction and notes.

The Origin of Empire David Potter,2019-06-03 Beginning with the Roman army's first foray beyond its borders and concluding with the death of Hadrian in 138 CE, this panoramic history of the early Roman Empire recounts the wars, leaders, and social transformations that lay the foundations of imperial success. Between 264 BCE, when the Roman army crossed into Sicily, and the death of Hadrian nearly three hundred years later, Rome became one of the most successful multicultural empires in history. In this vivid guide to a fascinating period, David Potter explores the transformations that occurred along the way as Rome went from republic to mercenary state to bureaucratic empire, from that initial step across the Straits of Messina to the peak of territorial expansion. Rome was shaped by endless political and diplomatic jockeying. As other Italian city states relinquished sovereignty in exchange for an ironclad guarantee of protection, Rome did not simply dominate its potential rivals; it absorbed them by selectively offering citizenship and constructing a tiered membership scheme that allowed Roman citizens to maintain political control without excluding noncitizens from the state's success. Potter attributes the empire's ethnic harmony to its relative openness. This imperial policy adapted and persisted over centuries of internal discord. The fall of the republican aristocracy led to the growth of mercenary armies and to the creation of a privatized and militarized state that reached full expression under Julius Caesar. Subsequently, Augustus built a mighty bureaucracy which went on to manage an empire ruled by a series of inattentive, intemperate, and bullying chief executives. As contemporary parallels become hard to ignore, *The Origin of Empire* makes clear that the Romans still have much to teach us about power, governance, and leadership.

A Companion to Women's Military History,2012-08-17 Military institutions have everywhere and always shaped the course of history, but women's near universal participation in them has largely gone unnoticed. This volume addresses the changing relationships between women and armed forces from antiquity to the present. The eight chapters in Part I present broad scholarly reviews of the existing literature to provide a clear understanding of where we stand. An extended picture essay documents visually women's military work since the sixteenth century. The book's second part comprises eight exemplary articles more narrowly focused than the survey articles but illustrating some of their major themes. Military history will benefit from acknowledging women's participation, as will women's history, from recognizing military institutions as major factors in molding women's lives. Contributors include Jorit Wintjes, Mary Elizabeth Ailes, John A. Lynn, Barton C. Hacker, Kimberly Jensen, Margaret Vining, D. Ann M. Campbell, Carol B. Stevens, Jan Noel, Elizabeth Prelinger, Donna Alvah, Karen Hagemann, Yehudit Kol Inbar, Dorotea Gucciardo, and Megan Howatt and Judith Hicks Stiehm.

Supplanting Empires Kendall Stiles,2024-12-15 What happens when one empire or hegemon cedes the global stage to a rising power? *Supplanting Empires: Power Transitions Across Human History* argues that historically such power transitions

tend to be relatively smooth resulting in the preservation of the status quo with respect to the global order and institutions This stems from the tendency of rising powers to be closely associated with declining powers to the point that they generally support and perpetuate the old ways of governing They maintain similar governing institutions retain ties to the former empire s allies and generally endorse the declining empire s ideology and norms The violence involved in such transitions tends to be limited and societies and economies are typically left undisturbed To test this proposition Kendall Stiles and his students undertake a systematic study of numerous power transitions across millennia of human history The implications of these findings have considerable relevance with respect to the contemporary power struggle between the United States and China

Livy: The Fragments and Periochae Volume I, 2023-09-27 Livy s 142 volume history of Rome is one of the high points of ancient historical writing but three quarters of that history is lost known only from indirect sources such as epitomes and quotations D S Levene s *Livy The Fragments and Periochae* provides a text translation and commentary on all of the surviving para Livian material from antiquity This includes the various epitomes and fragments quotations from or references to the lost books but it also covers citations from the surviving books and all testimonia to Livy s life work and readership between his death in A D 17 and the end of classical antiquity approximately A D 650 This collection of material provides the fullest account ever developed of the reputation of Livy in antiquity and the way he was used and read by later writers Through it Levene explores an important but under studied aspect of the intellectual life of the Roman world This first volume contains the fragments citations and testimonia which together comprise every reference to Livy in ancient sources It offers a completely reedited text of these along with a full literary textual and historical commentary The volumes s introduction provides a comprehensive synoptic study of the contexts in which Livy was read and quoted **Livy: the**

Fragments and Periochae Volume II D. S. Levene, 2023 Livy s 142 volume history of Rome is only part of Livy s historical writing Livy s other writings were only known indirectly from epitomes and quotations This work provides a text translation and commentary on all of the surviving para Livian material from antiquity It also covers citations from the surviving books and all testimonia to Livy s life work and readership between his death in A D 17 and the end of classical antiquity approximately A D 650 This collection of material provides an account of the reputation of Livy in antiquity and the way he was used and read by later writers The introduction provides a synoptic study of the contexts in which Livy was read and quoted The Strength of Roman Women Through Coins and a Feminist Critique From the Past to the Present Tais Pagoto

Bélo, 2024-07-31 The work *The strength of Roman women through coins and a feminist critique from the past to the present* exposes the public image of Roman women such as Fulvia Octavia Livia Agrippina Major and Agrippina Minor spanning the end of the Republic and the beginning of the Empire 84 BC AD 59 through examples of coins and written sources that exemplify their lives It illustrates how these women improved their public image through tasks linked to the imperial family Patronage religion and imperial propaganda The book covers the power and the places of action of women since the sexed

habitus could have marked the values between the genders Both the material culture and the written sources analysed together were essential to prove this problematic since the literature made the gender relations of the emperors and their wives very clear Material culture by demonstrating male power also highlighted female power The greatest importance of this work is to invite the reader to a reflection on the perception of the reality of the present through an analytical approach to the improved conditions of Women s Studies in Antiquity with the aim of generating awareness and coherence in relation to current feminine factors as opposed to the existence of variety and similarity about the women of the past
