Sometimes Lonely Never Alone Bob Smith, 2016-07-25 While most his age were concerned with high school romances and the Friday night sock hops young Ben Stark was grieving the loss of both parents and coping with the adult sized problem of running a huge ranching operation Facing such realities it is no surprise that his early life is a mixture of depression anxiety and despair A devoted Christian Ben s faith is tested that a loving God would allow such turmoil in a life so dedicated This is the story of how he coped the people who helped him along the way and his growth despite the many unexpected and unfortunate circumstances that clouded his life The book is about stumbling falling and getting up again In these pages Ben shares the mindset that kept him going and ultimately led to successes in his community and beyond Late in life when he least expected it Ben discovered romance He met and married Donna who added dimension to his life She was the catalyst in bringing to the surface ambitions long lost and almost forgotten

A Chinese Sees the World Chong Su See, 1938 *Accountability Research* Hugo Letiche, Ivo De Loo, Carolyn

Cordery, Jean-Luc Moriceau, 2024-07-12 This book discusses auto ethnographies of accountability undertaken in close collaboration by a multinational group of accounting and organization theory researchers over a period of three years The key assumption underlying the book is that accountability is inherently an identity creating process where the study of account making has to be done participatively with radical openness to the one s being researched as well as to their context That openness we call ethnography The values or assumptions inherent to the practices of account and identity making in a specific context are what auto ethnographies seek to describe and identify These values and assumptions warrant critical ethical reflection and this is what the researchers presented here have tried to provide The chapters in this book all are mini studies of relatedness The scale of examination is intimate the reflections provided by the researchers are mainly methodological This book is of interest to accounting and organization theory students and scholars who believe that accountability can fruitfully be studied through auto ethnography The book extends currently existing views on how accountability can be handled and discharged between researchers and their researched when local intimate settings are studied

The Club James Barrett, 2022-11-22 Rural Suffolk has much to offer the discerning person but what the pretty village of Debenham prides itself on is its Rotary Club Or it used to Unfortunately the small club is now in a serious decline Its members are squabbling in conflict over petty rivalries and moral dilemmas Amongst this background of spirited sea of similar members is George George is not a typical Rotarian with his autism leading him to be blunt to the point of rudeness perhaps too literal and unable to read body language He has carved out a successful life for himself amidst this chaos and is generally happier than the other members They look to him for stability At least until the incoming President of the Rotary Club leads a charge for the new He and his acolytes are desperate to attract younger members to move the club forward whilst the traditionalists are equally desperate to cling to the old idiosyncratic ways Let the battle commence Aside from Rotary George is the chairman of the trustees of a small local charity of little relevance in the modern world He becomes embroiled in a bizarre and hilarious escapade dealing with a tricky problem that attracts the attention of a national newspaper to the embarrassment of the trustees who move against him and his Rotary club Other misfortunes and dark dealings come to a head when the Club suspends George s erstwhile friend turned nemesis Alec Barton Barton goes on a drunken rampage with a shotgun and comes after George with disastrous results The club is now at a low ebb and faces dissolution But is there a way back
