Rooted And Four Other Disturbing Stories:

Sievers' Law and the History of Semivowel Syllabicity in Indo-European and Ancient Greek P. J. Barber, 2013-11 This book is an investigation of how semivowels were realised in Indo European and in early Greek More specifically it examines the extent to which Indo European i and y were independent phonemes in what respects their alternation was predictable and how this situation changed as Indo European developed into Greek The comprehensive nature of this study its chronological sensitivity and careful assessment of what is inherited and what is innovative enables substantive conclusions to be drawn regarding the behaviour of semivowels at various stages in the history of Greek and in Indo European itself

The Roots of Nationalism in European History Andrew Sangster, 2019-07-16 This book challenges the commonly held belief that Nationalism is a recent phenomenon It surveys European history from the tribal stage to 1989 90 and concludes with a commentary on events between 1990 and the European Elections of May 2019 During this review it comments on the growth of nations across the European scene and the early signs of the various types of nationalism Nationalism demands many qualifying adjectives and this is examined as its variations occur The study explores humanity s propensities especially the sense of alienation towards those who speak another language or have a different ethnicity customs or religious belief In addition it looks at humanity s other inclinations to seek territory wealth resources power and influence These determinants it is argued form the basis of Nationalism whether it is projected by the rulers or emerges from the populace The book proposes that Nationalism is as old as the hills but became dangerously aggressive in the twentieth century and remains a serious issue
